A Successful Marriage Zacharias Tane Fomum,2015-04-15 This book is the fifth in the series God sex and you From an impeccable knowledge understanding and mastery of the Scriptures the author Professor Z T Fomum argues convincingly that as the king of the household the prophet and the priest of his wife a man is solely responsible for the success of the marriage according to God s bidding The need arises for the husband to put his self under control to love his wife as Christ loved the Church to have a supreme goal and to pray and fast for her Every man is to love his wife using God s evaluation

system in the Bible Many marriages fail because the partners are using personal traditional customary or modern evaluation systems This book can make you wise onto salvaging and saving your marriage for those who are married and providing a solid foundation for those who will marry one day **Success in Marriage** David O. Oyedepo, Faith A. Oyedepo, 1999

The Secrets of Success in Marriage Dr John Gatungu Githiga, The Most Rev. John G. Githiga, 2014-10-08 The book gives unprecedented insight for marriage enrichment by drawing wisdom from successful marriages in North America Europe Asia and Africa The author interviewed hundreds of couples from these continents The respondents who were couples who have been married for 20 to 70 years revealed the secrets of their success and the challenges which are facing married partners today Thus the book enables you to identify the causes of failure and to discover the secrets of success in marriage and is therefore of unsurpassed value to married partners and those who intend to marry Marriage for Success Catherine Robert, 2021-09-11 Two out of three Americans believe that a happy marriage is an old fashioned concept They think marriages are made unhappy by the modern world with its stress on career and material success The truth just might be the exact opposite Happy marriages may well require more than love they require work commitment and self control People looking for a happy marriage should read this book first It contains wisdom on how to be romantic and how to work as a team and it is strongly grounded in solid evidence of what makes marriages last In this book we will be looking at each person s part in the relationship What has already been given How can you make sure it is used to its fullest potential How can you give even more Marriage in light of eternity Is marriage for white people What this book cannot do is fill empty hearts or homes mend broken ties revive dead feelings or mend irreparable mistakes But if your husband and wife both honestly try to work together on these issues then there is a large chance that a good marriage will become great with no further effort needed **Towards a Successful Marriage** Majeedah IDRIS, 2021-01-18 The book covers all needed to make a fantastic husband to one s wife and of course a fabulous wife to one s husband The contents showed that the book stemmed from the author s interactions with couples who once had their marriages on the line or whose marriages regrettably crumbled This invariably makes the book written from an experiential point of view Most commendable for me is the writing style adopted by the author for better comprehension and practicability The words used are simple and straight to the point The chapters are sequentially arranged and the expressions meticulously coherent Given the lamentable spate of divorce in our time especially among young couples a book of this nature wherein husbands and wives are taught how to symbiotically relate with each other is not only necessary but sacrosanct It s a book to be read by singles and married encouraged by parents and used by professional and clerical counselors to settle marital discords *Strong Marriage Happy Life* Sonya Dawson, 2014-12-08 The Principles Of A Successful And Lasting Marriage Love is the most important aspect of marriage to many people Most of us decide whether or not to get married more on the basis of our feelings of love than of any other aspect of our relationship and we evaluate the success of our marriage on the basis of those feelings more than anything else

A surprising feature of the love aspect of marriage is that even in these times of rapid social change and innovative lifestyles it is an aspect that most people do not want to change This very important part of marriage is however difficult to study because love means very different things to different people and it is an extremely difficult experience to define If you re about to get married if you ve just gotten married or if you ve been in a marriage that seems to be going nowhere then this book is for you Knowing how to make your marriage work is an important aspect of happily living the rest of your adult life Strong Marriage Happy Life teaches you the core principles of successful marriages and how you can implement them to make your marriage work In other words this book teaches you the secrets to having a happy married life It s exactly how our favourite fairy tales end you and your spouse living happily ever after Gain Insight Into The Following Factors Of A Successful Marriage Nurturing Love Keeping the Ties Sexuality in Marriage Coping with Stress Preparing for Parenthood Your Marriage As The Years Pass Much much more **Principles of a Successful Marriage** Shade Olukoya,2014-06-27 Marriage is under attack Homes are under siege The modern era has bastardized the institution of marriage Against this backdrop the author has delved into the scriptures and uncover what it takes to succeed in these end times The importance of spiritual warfare in making marriage successful is the high point of this book Tested and proven prayer points are packaged and offered in this book This book will prove an invaluable manual in the hand of those who are married as well as those who are contemplating to get married **Key to SuccESsful Marriage** rajul ghadiali,2022-06-13 I had always a thought in my corner of mind about prevailing marriage pattern in our society And honestly speaking I wanted to understand the same from general people from the society I know that marriages are indispensable aspect of our society After one particular age one has to face the pressure of society to select a life partner and get married Ancient concept was astrology to select the life partner Youth use to decide and select accordingly But with modernisation thoughts are also to be updated The new psychology is finding medically fit and healthy life partner To highlight the above topic I have presented my views and with that few doctors and other intellectual persons ideology Hope you readers will find interesting **Success in Marriage** David R Mace,David Robert Mace,1965 **Twelve Biblical Steps to a Successful Marriage** David S. Thompson,2009-06 Marriage is one of the most satisfying and yet one of the most difficult relationships on earth God places a great importance on this relationship and gives very clear principles on how it is to be lived out in the daily life using the Word of God In Twelve Biblical Steps these Biblical principles will be carefully analyzed and clearly explained so that every Christian couple can grasp their significance and begin to carry them out in their marriages Some of these Biblical principles that are covered in this book are as follows Follow the instructions Building a spiritual network Becoming friends not just roommates Avoiding the triple threats Fight to unite not divide This book is not intended to cover all the challenges that married couples face It is not an in depth analysis of relationship issues It is not expected to answer all of the questions that couples may have as they learn to build a new home and a new family However it is a book that seeks to dig into God s Word

and apply His truth to the marriage relationship The hope of this author is that the chapters that follow in this book will enable the husband and the wife to develop a marriage that is a success and so become examples for a new generation to follow Dr David S Thompson has pastored churches in Queens New York and in the Cayman Islands and in upstate New York He and his wife Judith have been married over 33 years and have raised five children He currently is the Professor of Bible and Missions at Trinity Baptist College

Cox,2013-11 I realize there are many self help books covering a variety of issues My desire however was to write a book about the marital relationship that is easy to read yet has enough substance to positively impact readers on a level that would motivate an inward desire to change for the better This is a book that will open the eyes of readers to the fact that they are as normal as anyone else It is a book showing how a few changes or corrections in one s daily interaction with one s spouse could make for a better tomorrow The reader will learn not to react responding instead with the right motive and attitude The reader will be able to see how by doing the right things one s life can change for the better and so can the lives of all in the household I grew up hearing how difficult the marital relationship is due to the differences between men and women I heard about how women are hard to figure out or that most men never know what it is their wives want In my life I have not found this to be true What I have found is that it takes a conscious effort on my part to observe and get to know my wife her likes and dislikes her wants hopes dreams and desires During this observation I learned she did not like all the things I did and that was okay I learned to accept the fact that she might not want to do what I want to do and it is okay if I don t want to do what she wants I learned she was romantic and even has her own personal language This is a language she and other women appear to understand but it didn t readily make sense to me I believe you will find this book to be quite informative and to the point It will make you think hard about how you interact with your spouse on a daily basis It will also teach you something about the most important college you will
