Kim Stanley Robinson Maps the Unimaginable William J. Burling, 2009-05-14 These essays examine Robinson's use of alternate history and politics both in his many novels and in his short stories This collection drawn from writers on four continents includes five new essays and broadens the interpretive debate surrounding Robinson's science fiction and argues for consideration of the author as an intellectual figure of the first rank Provided by publisher [The A to Z of Science Fiction Literature](#) Brian Stableford, 2005-09-13 Science Fiction literature also known as sci fi and sf is one of the more recent genres and also one of the more popular It only truly emerged during the 20th century and has not stopped growing in terms of authors titles and readers It has also evolved into a variety of subgenres ranging from hard sf to soft sf from Utopias to dystopias with more than a smattering of horror detective war and feminist titles Stableford covers all these aspects and more taking a close look at what has become a booming industry with its specialized writers publishers and fan magazines The compendium includes not only sf from the United States and United Kingdom but also France Russia and many others While the chronology charts the genre's dazzling growth and the dictionary section looks at writers books themes and other specifics the introduction provides exceptional insight into what Science Fiction Literature is all about

A New Species Robin Roberts, 1993 This fascinating study is the first to examine

the history of gender and science fiction and the first to discuss science fiction pulp magazines images of women as well as postmodernism and feminist science fiction Robin Roberts begins with Shelley's Frankenstein in which a female alien appears and continues through H G Wells the 1950s pulp SF magazines Doris Lessing and feminist utopias and the new generation of science fiction writers including Joan Vinge Sheila Finch and many others *Literature for Today's Young Adults* Kenneth L. Donelson, Alleen Pace Nilsen, 1997 With 140 fewer pages than the fourth edition the fifth obviously has been tightened it's partly in the format with narrower margins and less white space Otherwise some text has been rephrased or rearranged and topics for example adolescent psychology given shorter shrift Coverage of Holocaust literature has been expanded and discussion of problem novels improved Sports books have been dumped in with humor movies and other stuff including humorous poetry which it seems the authors feel is the only kind teens read for pleasure other types of poetry as well as short stories and drama are relegated to the English classroom coverage of which has been enlarged The chapter on sf and fantasy is good on historical aspects but weak on today's writers A short list of Internet listserves and Web sites has been incorporated as part of using YA literature in the library Once again updating of appendixes seems spotty Nevertheless this is useful as a resource for youth librarians and a tool for teaching YA literature Sally Estes [Magill's Guide to Science Fiction and Fantasy Literature: Software and wetware](#), 1996 These four volumes cover 791 books or series 238 of them published during the 1980s and 1990s the entries are 1 000 words long for single books and 1 500 for series with a one sentence summary beginning each entry followed by bibliographical information Volume 4 contains an extensive bibliography of critical works on science fiction and fantasy a list of major award winners a genre index Booklist **Horror and Science Fiction Films IV** Donald C. Willis, 1997-08-07 This fourth title in a unique series that combines reference and analytical qualities in chronicling the horror and science fiction genres Horror and Science Fiction Films IV brings the earlier three volumes in the series up to date concentrating on the period from 1984 1994 as well as updating entries from the previous volumes and adding newly discovered titles from 1900 1983 Entries in the main list include credits cast synopsis and annotation The introduction lists 1995 releases in the genres and 1996 releases through the summer cites the more memorable films in the genres for both the current period and 1900 1984 and serves as an index to key titles in the main list including long lost titles such as the obscure silent *Were Tiger* and the 1931 *The Phantom* Willis includes many films from around the world that are not found in any other English language film reference work One appendix provides thumbnail descriptions of problem and peripheral films another updates entries in the first three books with alternate titles and a third appendix serves as an index to the approximately 7 000 films listed in the first three volumes in the series as well as in the current volume thus bringing the total number of films covered in this series to roughly 11 000 titles *American Studies International*, 1985 **Utopian/Dystopian Literature** Paul G.
