[Physical Management for Neurological Conditions E-Book](#) Sheila Lennon, Gita Ramdharry, Geert Verheyden, 2023-10-04. *Physical Management for Neurological Conditions* comprehensively covers the essentials of neurorehabilitation, starting with thirteen guiding principles and a new chapter on clinical reasoning and assessment. It discusses the physical management of common neurological conditions such as stroke, traumatic brain injury, spinal cord injury, multiple sclerosis, and Parkinson's, followed by less common conditions such as inherited neurological conditions, motor neuron disease, polyneuropathies, and muscle disorders. Produced by a team of international editors and experts, this fifth edition is the most up-to-date evidence-based textbook available for undergraduate students and qualified health professionals alike, focusing on selecting appropriate evidence-based tools rather than subscribing to any specific treatment approaches. It is a core physiotherapy textbook designed to provide students with everything they need to pass the neurological component of their degree. Fully updated to provide comprehensive information on optimal physical management within movement limitations, suitable for any health care context or environment. Using international case studies to apply theory to clinical practice. Easy to navigate and understand for students, new graduates, and therapists returning to practice or changing scope of practice. New content on assessment, clinical reasoning, technology-based rehabilitation, and complex case management, including disorders of consciousness and adults with cerebral palsy. Full update of the evidence base within each chapter, including reference to the increased use of remote delivery of services and challenges accelerated by the COVID-19 pandemic. New international authors.

[The Overthinking Trap: How to Break Free from the Chains of Excessive Analysis and Live Fully](#) Martín Arellano. In today's dynamic and often overwhelming world, *The Overthinking Trap* emerges as an essential guide for those who find themselves caught in the maze of excessive thinking. This book not only unravels the enigma of over-analysis but also offers practical and accessible strategies to overcome this paralyzing habit and achieve a fuller, more satisfying life. From the first page, the reader is introduced to a journey of self-discovery and transformation. The book begins by exploring the roots of overthinking, differentiating between healthy reflection and destructive rumination. Throughout its chapters, the author unfolds a masterful blend of psychological theory and real-life experiences, making the content not only informative but also deeply relatable. As we progress through the book, we confront the multidimensional impacts of overthinking in our lives, from analysis paralysis to the emotional and physical consequences, not to mention how it affects our relationships. This thorough analysis is complemented by a series of practical

tools to combat excessive thinking Mindfulness techniques cognitive strategies and the importance of self care are presented not just as theories but as applicable practices in daily life The author does not just stop at the problem but also guides the reader towards reconnecting with the present highlighting the power of now and providing exercises to live in the moment and cultivate gratitude The transition from reflection to action and how small steps can lead to significant changes is a central theme that resonates throughout the book culminating in a reconstruction of our mental processes towards a growth mindset The Overthinking Trap is not just a book it is a companion on the journey towards the balance between thought and action With advanced strategies for mental liberation the book positions itself as an indispensable resource for those seeking to build mental resilience and live beyond excessive analysis The book concludes with a powerful and hopeful message inviting readers to embrace a balanced life centered in the present freeing themselves from the chains of overthinking
