Insightful absorbing and entertaining TLS Brilliant ALEX BELLOS Illuminating DAILY MAIL The case for better evidence in
post evidence times FINANCIAL TIMES Profound and utterly absorbing CHRIS VAN TULLEKEN How far would you go in
your search for certainty And once you get there how do you convince others From the medieval Islamic world to the recent
pandemic scientific progress has relied on different methods of establishing fact from fiction Today in the face of ever
increasing disinformation how we prove things to ourselves and others has never felt more urgent But there is far more to
proof than axioms theories and scientific laws when demonstrating that an experimental medical treatment works persuading
a jury of someone s guilt or deciding whether to trust a new type of financial transaction weighing up evidence is rarely
simple Bestselling author statistician and epidemiologist Adam Kucharski ranges across science politics philosophy and
economics to explore how truth emerges and why it falters Uncertain Science ... Uncertain World H. N.
Pollack,2014-05-14 Using science headlines and everyday examples this engaging book describes why science is uncertain
for the general reader **Uncertain Science ... Uncertain World** Henry N. Pollack,2005-06-23 Is the world warming due
to the Greenhouse Effect Can nuclear weapon arsenals be relied upon without periodic testing Is the world running out of oil
What action should be taken against an outbreak of foot and mouth or BSE Why can t scientists provide certain answers to
these and many other questions The uncertainty of science is puzzling It arises when scientists have more than one answer to
a problem or disagree amongst themselves In this engaging book Henry Pollack guides the reader through the maze of
contradiction and uncertainty acquainting them with the ways that uncertainty arises in science how scientists accommodate
and make use of uncertainty and how in the face of uncertainty they reach their conclusions Taking examples from recent
