Magdalena Zettl,2013-12-30 Essay from the year 2012 in the subject Politics Region Other States grade 1 8 language English abstract Realism and liberalism have long been the dominant theories within IR However these failed to give a full fledge explanation about the peaceful end of the Cold War thereby giving way to more alternative IR views such as Feminism The increased use of violence against women as a weapon of war¹ sexual trafficking military prostitution² as well as women s increasingly important role as peace activists and wives of statesmen Baylis Smith 1997 174 prove that women do influence politics This lets Feminist scholars such as C Enloe pose the legitimate question Where were the women in world politics 1990 p 133 The establishment of the International Feminist Journal of Politics in 1999 Taylor Francis Online 2012 and the UN Resolution 1325 Women Peace and Security in 2000 Women for Peace 2012 seem to prove that Feminism has finally been granted a place in IR Nevertheless the relatively low number and the rather aggressive male like behaviour of female political actors³ let us question this presumption After outlining the main strands and concepts of Feminist Theory the essay highlights feminist critique on traditional IR theory⁴ I then explain how Feminism allows for a re evaluation and expansion of basic IR

Brownstein, 2000 This book is written in the form

of stories that individually and collectively describe violence and violent crime in America in the twentieth century Because violence means different things to different people this book attempts to show the many ways in which we as a society think about violence and how these perceptions have developed in our society during the twentieth century Weaving a personal narrative style together with official statistics media reports research findings and first hand accounts the author illustrates the American experience and the social construction of various forms of violence Since the language of social constructionism is often difficult to understand this book utilizes simple explanations of how violence and violent crime are socially constructed This book succeeds in making an abstract but important theory accessible by grounding these explanations in specific historical and biographical experiences of American society For anyone interested in understanding violence *Writing Against Time* Sadie Reynolds,2008 **Encountering Strangers** Göran Rystad,1997
