and New Chinese Migrants in Southeast Asia Leo Suryadinata, Benjamin Loh, 2022-11-28 New Chinese migration is a recent development that has just entered an initial phase An overarching theme and conclusion across the sixteen chapters in this volume is that China's policy towards Chinese migrants has changed from period to period and it is still too early for us to determine if Beijing will continue to pursue the policy of luoye guigen return to original roots or will revert to one of luodi shenggen sink into local roots The various chapters also show that the profile motivations and outlooks of xin yimin new Chinese migrants have become more diverse while local reactions to these new migrants have become less accommodating with increasing nationalism *Survey of China Mainland Press* United States.
