Transformations of Language in Modern Dystopias David W. Sisk,1997-12-30 As the 20th century has progressed dystopian fiction has gained power as utopian fiction has become increasingly irrelevant As an overtly didactic genre dystopia extrapolates terrifying near futures from disturbing current trends In order to quickly create an atmosphere that is at once plausible and terrifying dystopian writers almost universally turn to an idea certain to generate both fear and sympathy in the reader the dual concept of language as the primary tool by which repressive societies stifle dissent and simultaneously as the primary weapon used by rebels bent on understanding resisting and countering such oppression This volume traces the evolution of language s centrality in 20th century dystopias in English including Brave New World 1984 A Clockwork Orange The Handmaid s Tale Native Tongue The Judas Rose and Riddley Walker The brilliance of Orwell s 1984 has led to a backlash many critics have smugly asserted that as the year 1984 has passed without taking the shape of his fiction Orwell s novel and the dystopia in general have lost their affective power and relevance But as the 20th century progresses dystopian fiction has gained power as utopian fiction has become increasingly irrelevant As an overtly didactic genre dystopia extrapolates terrifying near futures from disturbing current trends In order to quickly create an atmosphere that is at once plausible and terrifying dystopian writers almost universally turn to an idea certain to generate both fear and sympathy in the reader the dual concept of language as the primary tool by which repressive societies stifle dissent and simultaneously as the primary weapon used by rebels bent on understanding resisting and countering such oppression This volume traces the evolution of language s centrality in 20th century dystopias in English beginning with Huxley s IBrave New World R and Orwell s I1984 R As dystopian fiction has branched out to embrace multiple viewpoints and agendas the emphasis on language has remained at the center of the dystopian impulse These include the first person narrative dystopia such as Anthony Burgess s IA Clockwork Orange R the feminist dystopia such as Margaret Atwood s IThe Handmaid s Tale R

and Suzette Elgin's *Native Tongue* and *The Judas Rose* and the post-apocalyptic mythic dystopia such as Russell Hoban's *Riddley Walker*. While other scholars have often alluded to the importance of language within specific literary dystopias, this book transcends earlier studies by presenting a generic model of dystopian language use. [Dystopian Literature](#) M. Keith Booker, 1994-05-25. Dystopian literature is a potent vehicle for criticizing existing social conditions and political systems. While utopian literature portrays ideal worlds, dystopian literature depicts the flaws and failures of imaginative societies. Often these societies are related to utopias, and the dystopian writers have chosen to reveal shortcomings of those social systems previously considered ideal. This reference overviews dystopian theory and summarizes and analyzes numerous dystopian works. By reviewing the critical thought of particular dystopian theorists, the beginning of the volume provides a theoretical context for the remainder of the book. Because dystopian literature is so closely related to utopian writing, the reference profiles and discusses eight important utopian works. The rest of the book includes entries for numerous dystopian novels, plays, and films. Each entry summarizes the work and discusses dystopian themes. The entries include short bibliographies with full bibliographic information provided at the end of the volume. This comprehensive guide covers the full period from Thomas More's *Utopia* to the present day. [Trends in Contemporary Italian Narrative, 1980-2007](#) Gillian Ania, Ann Caesar, 2007. The new Italian narrative that began to be spoken about in the 1980s was not associated with a single writer or movement but with an eclectic and varied production. The eight essays that make up this volume set out to give a flavour of the breadth and range of recent trends and developments. The collection opens with two essays on crime fiction. In the first, Luca Somigli examines novels dealing with topical issues or recent history and which reveal a strong indigenous and regional tradition, while in the second, Nicoletta McGowan discusses the particular case of a noir by Claudia Salvatori. They are followed by essays on two of Italy's best-known contemporary writers: Marina Spunta's essay explores the representation of space, place, and landscape in the work of Gianni Celati and photographer Luigi Ghirri, while Darrell O'Connell analyses the fiction of Vincenzo Consolo and his struggle to find a means of representing an ethical stance within fiction. Two essays then examine the role of the anthology for young writers: Charlotte Ross and Derek Duncan in the context of lesbian and gay writing, looking at identity politics and the problematics of categorization; Monica Jansen and Inge Lanslots in that of the *oeYoung Cannibals* and their often unsettling non-literary language and orientation towards cinema, pop music, and slang. The penultimate essay by Jennifer Burns discusses the literature of migrants to Italy, focusing on questions of identity, memory, mobility, and language, while the final contribution by Gillian Ania is a study of apocalypse and dystopia in contemporary writing, looking at novels by Vassalli, Capriolo, Avoledo, and Pispisa. This volume examines Italian narrative from the 1980s to the present from the original viewpoint of genres, categories, trends, rather than author-based analyses. It highlights the innovations of the last twenty years, incorporating into the various themes well-known writers like Consolo, Celati, and Vassalli, with relative newcomers like Avoledo and Pispisa. The contributors to the volume, academics from

the UK Ireland Canada Belgium cover a wide range of themes which have come to the fore during this period ranging from detective stories both the giallo and the noir to lesbian and gay writing to immigration literature in Italian to the study of apocalypse and dystopia The themes are contextualized in the socio political and cultural changes taking place in Italy and parallel to this the temporal moments of the narratives are in turn related to their historical realities This is a richly woven account which presents post 80s Italian narrative from a new and stimulating angle in eight lucid and informative essays which will be welcomed by all those interested in contemporary fiction in its cultural context Professor Anna Laura Lepschy Department of Italian University College London
