FAIRY TALE

Retelling Project

Name: _____

Rewriting a Fairy Tale

Planning Sheet

Before you start an original writing, you'll need to brainstorm ideas and create a plan.

1 Which fairy tale will you be retelling?

2 From whose point-of-view will you be writing (who's the original villain)?

3 What information is incredibly important to writing a story forward. Think about the characters.

4 What information will you add or remove about this character to give a new voice to the story?

5 How do you already know about this character?

6 How might you change the story?

Blueprint Fairy Tale Retelling:

Is Oedipus Online? Jerry Aline Flieger, 2005-05-06 Psychoanalysis as a navigation device for the cultural maze of the twenty first century Can Freud be updated in the twenty first century or is he a venerated but outmoded genius asks Jerry Aline Flieger In Is Oedipus Online Flieger stages an encounter between psychoanalysis and the new century testing the viability of Freud's theories in light of the emergent realities of our time Responding to prominent critics of psychoanalysis and approaching our current preoccupations from a Freudian angle she presents a reading of Freudian theory that coincides with and even clarifies new concepts in science and culture Fractals emergence topological modeling and other nonlinearities for example can be understood in light of both Freud's idea of the symptom as a nodal point and Lacan's concept of networks rather than sequential cause and effect that link psychic realities At the same time Flieger suggests how emerging paradigms in science and culture may elucidate Freud's cultural theory Like Slavoj Žižek editor of the Short Circuits series Flieger shifts effortlessly from field to field discussing psychoanalysis millennial culture nonlinear science and the landscape of cyberspace In the first half of the book Re-siting Oedipus she draws on the work of Lyotard Žižek Deleuze Virilio Baudrillard Haraway and others to refute the assumption of Freud's outdatedness in the new century Then in Freud Sitings in Millennial Theory she recasts oedipal theory siting sighting citing Freud in a twenty first century context Thinking of Oedipus decipherer of enigmas wanderer as a navigator or search engine allows us to see psychoanalysis as a navigation device for the cultural maze of the bimillennial era and Oedipus himself as a circuit of intersubjective processes by which we become human For humanity still needed in the posthuman century is at the core of Freud's theory Reading Freud today Flieger writes reminds us of the complications of the Sphinx's riddle the enigma that Oedipus only thought he solved the question of what it is to be human Psychoanalysis continues to pose that question at the crossroads between instincts and their vicissitudes

Tree Adaptations Samuel Livingston, AI, 2025-02-19 Tree Adaptations explores the fascinating survival strategies of trees highlighting how these seemingly static organisms thrive in diverse and challenging environments From arid deserts to waterlogged swamps and frozen tundras trees have evolved remarkable adaptations For example desert trees like the saguaro cactus conserve water through extensive root systems while mangrove trees in swamps use specialized roots to breathe in oxygen poor soils The book delves into plant physiology ecological adaptation and evolutionary biology to explain these adaptations showing how natural selection shapes tree life It begins with basic tree biology and then progresses through case studies of trees in specific challenging environments This approach provides insights into ecosystem resilience and informs conservation strategies especially crucial in the face of climate change Understanding tree adaptations is not just academic it has real world applications in forest management and conservation efforts

Beyond Early Reading David Waugh, Sally Neaum, 2025-02-28 This is an essential text for primary trainees and teachers While the focus in early reading is on systematic synthetic phonics it is important to see the bigger picture and understand that

teaching reading is a continuum that involves more much than the mechanics of reading The book focuses on a range of issues to develop children who can read into children who do read including extending reading with proficient readers engaging disengaged readers sustaining interest in reading in the transition from primary to secondary and the importance of oracy in reading Additionally there is an exploration of the wider context of reading including international perspectives new literacies and the importance of reading to personal development Case studies and activities demonstrate practical applications with clear links to the underpinning theory while critical reflections challenge the reader and encourage deeper thought about the chapter content
