X-Rated! Marcel Danesi, 2009-01-13 Many attack pop culture as a crude sexual and celebrity based culture that is purportedly bringing about the end of moral values Renowned semiotician Marcel Danesi adds his signature insight to the debate by delving deep into pop culture through a consideration of symbols Danesi's treatment of letters such as the X in X Rated the i in iPod and other such symbols reveals an ancient mythic structure that blends the sacred and profane dimensions of human psychic life Danesi takes the reader on a remarkable exploration of the radical turns in American society a society in which the search for pleasure and sexual expression often reign supreme X Rated is a fascinating trip through what gives pop culture its secret appeal
