Derived from the Sunnah or teachings of the Prophet and his Companions and their followers these precepts were collected under the title *Al Adab al mufrad* meaning Good behaviour singled out by Imam al Bukhari in the ninth century CE. The Hadith sayings in al Bukhari's writings formed a large corpus that covered the way Muslims should conduct their lives from duties to parents family relatives neighbors and friends to instruction about honesty generosity truthfulness and kindness. While al Bukhari's original text runs to many hundreds of pages forming several volumes Abdul Hamid has made a selection of the teachings that has relevance and appeal to today's readership with appeal not only to Muslims but to all who seek to know more of the essence of Islamic life and teachings.
