 The Sunday Times Number One Bestseller Jay Shetty social media superstar and host of the 1 podcast On Purpose distills the timeless wisdom he learned as a practising monk into practical steps anyone can take every day to live a less anxious more meaningful life **Fitness Through Aerobics & Step Training, Instructor's Manual** Karen S. Mazzeo, 1996 *The Power of Real Optimism* Deepika Chopra, 2026-03-10
 Optimism isn't about pretending everything is fine. It's about staying open and flexible especially when it's not. In this fresh science backed debut professional psychologist and media expert Dr Deepika Chopra shows us how to build the kind of optimism that can actually withstand real life. We've been sold the idea that optimism is a mood, a mindset or worse just an inherent trait. But what if real optimism is something else entirely? In *The Power of Real Optimism* Dr Deepika Chopra, known as 'The Optimism Doctor', offers a radically different definition: optimism as a science, a skill and a psychological muscle we can strengthen. Drawing from over a decade immersed in the science of resilience, emotional well-being and cognitive psychology, as well as her work with clients, innovative workshops and hallmark practices, think evidence-based visualization, narrative reframing, her signature self-worth work and even color therapy. Dr Chopra offers a toolkit for navigating the chaos, uncertainty and nuance of being human without losing yourself to it. Grounded, practical and poetic in all the right ways, this book will challenge your relationship with hope, rewire how you recover from hard things and invite you to stay soft without falling apart. With her blend of intimate storytelling, psychological insight and tangible tools including a 33-day Real Optimism Challenge, Dr Chopra offers something far more enduring than a quick fix or fleeting affirmation. She invites us into a deeper, more resilient way of living, one where we can stay curious in the face of fear, open in the face of grief and grounded even as the world wobbles beneath us. Because real optimism doesn't deny the dark, it teaches us how to see in it. *MindShift to a Better Place* Mindshift Foundation, Elizabeth Venzin, Dr Lars Madsen, 2020-02-01
 Your guide to creating lasting change, self-worth and positive mental health. We are a society that no longer takes mental health for granted. We've come a long way from the 'get over it' mentality that forced many of us to try to deal with our problems alone. Treatment options have become better and more sophisticated and we now work actively to prevent mental health conditions. Healthy self-worth is essential for good mental health. Someone with healthy self-worth is more likely to have better coping skills, greater resilience and the ability to maintain long-term positive mental health. The MindShift Foundation, led by founder and CEO Elizabeth Venzin, is a registered charity dedicated to preventative mental health awareness and advocacy. Prevention, awareness and education are important keys to understanding mental health. In this book, you'll find practical information and useful resources to help grow your self-worth or assist someone you care about with theirs. *MindShift to a Better Place* helps you identify the signs of low self-worth, guides you on how and where to seek appropriate treatment and assists you in taking those steps forward to create healthy self-worth, positive wellbeing and strong mental health. **Getting to Yes with Yourself** William Ury, 2015-01-20

Renowned negotiation expert William Ury has taught tens of thousands of people from all walks of life managers lawyers factory workers coal miners schoolteachers diplomats and government officials how to become better negotiators. Over the years Ury has discovered that the greatest obstacle to successful agreements and satisfying relationships is not the other side as difficult as they can be. If we learn to understand and influence ourselves first we lay the groundwork for understanding and influencing others. In this prequel to *Getting to Yes* Ury offers a seven step method to help you reach agreement with yourself first dramatically improving your ability to negotiate with others. How to Be Bold Ranjay Gulati, 2025-09-30 A USA Today Bestseller I love this book. *How to Be Bold* is a practical road map filled with real life stories that will inspire you and help you find courage when it matters most. Mel Robbins New York Times bestselling author and host of *The Mel Robbins Podcast*. From the distinguished Harvard Business School professor and author of *Deep Purpose* comes a fresh examination of courage what it is and how we are all capable of brave acts. What leads people to speak truth to power share bold new ideas or put their lives on the line. Most of us chalk it up to personality presuming that our heroes are naturally fearless. But what if courage isn't simply a

matter of personality What if it s something that any of us can develop In *How to Be Bold* Ranjay Gulati offers a powerful playbook for becoming bolder and braver than we ever thought possible Rather than leaving brave deeds to mythological heroes and resigning ourselves to apathy or cowardice we can train ourselves to step up and act in the face of uncertainty The key Gulati argues is to adopt ways of thinking that allow us to neutralize or moderate our fears By shifting how we see ourselves and the world we can lower the odds that we ll freeze up in the moment while also sustaining courage over prolonged periods We also can inspire others around us to display what Gulati calls collective courage Gulati shares vivid accounts of extraordinary courageous behavior taking readers inside a nuclear reactor under threat of meltdown to the front lines of a war zone and into space with NASA astronauts Connecting these stories with more mundane examples such as the bravery shown by health care workers during the height of the COVID pandemic and by a whistleblower who took the bold step to expose their employer Gulati reveals that what all of these people have in common isn t fearlessness It s the ability to think in ways that help them manage their fears and make courageous action possible We all dream of being heroes and some of us actually live those dreams Whether you re a leader steering your organization through uncertainty an activist standing up for your beliefs or a young person simply looking to live your best most fulfilling life *How to Be Bold* gives you the science based insight and strategies you need to take more action do more good and leave an inspiring legacy
