United States Relations with China United States Department of State,1949 *United States Relations with China, 1947-1950* Quentin Lyle Sawtelle,1954 **Thirty Years of China-U.S. Relations** Sujian Guo,Baogang Guo,2010-01-01 This book examines structural factors ideas institutions issues and challenges that have shaped China U S relations in the past thirty years as well as the recent changes in the global geostrategic landscape and economic interdependence that have significant impacts on the bilateral relations into the 21st century **Great Power Competition as the New Normal of China-US Relations** Jinghao Zhou,2022-09-01 Will China U S relations come back to the normal track Does the confrontational approach work for China US relations This book argues that it is an unrealistic hope to bring China US relations back to the so called normal track because the great power competition will be a new normal of China US relations and the USA will gain more from strategic competition than cooperation in the long run This book shows that the strategy of great power cooperation through competition is more positive and constructive than the approaches of peaceful coexist and maximum pressure This book does not intend to provide policy recommendations for governments to consider but mainly to explain why the great power competition is inevitable and why it is necessary to continuously work with China in some areas through strategic competition This book alarms the importance of understanding the nature of the Chinese Communist Party during the great power competition and aims to motivate both sides to revisit their foreign policy practice and come up with a better foreign policy strategy of handling China US relations *Monthly Catalog of United States Government Publications* United States. Superintendent of Documents,1982 *Monthly Catalogue, United States Public Documents* ,1980 *United States Relations with China, with Special Reference to the Period 1944-1949* États-Unis. Department of State,1949 *The CIA's Secret War in Tibet* Kenneth J. Conboy,James Morrison,2002 In one of the most remote covert campaigns of the cold war the CIA harnessed nurtured and encouraged the Khampa tribesmen of Tibet in their defiance against Chinese subjugation This is the first time the story has been told **Indo-US Relations** Ved Vati Chaturshreni,1980 Study covers the period from 1952 to the present UNITED STATES-SOVIET UNION-CHINA:THE GREAT POWER TRIANGLE. HEARINGS BEFORE THE SUBCOMMITTEE ON FUTURE FOREIGN POLICY RESEARCH AND DEVELOPMENT OF THE COMMITTEE ON INTERNATIONAL RELATIONS HOUSE OF REPRESENTATIVES ,1976 *The Carter Presidency* Gary M. Fink,Hugh Davis Graham,1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter s election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II

They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order. By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration. As this volume demonstrates Carter's dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities. While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge. These thirteen original essays cover such topics as the economy, trade and industrial policies, welfare reform, energy, environment, civil rights, feminism and foreign policy. They offer thoughtful assessments of Carter's performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration. A final essay shows how Carter's public spirited post presidential career has made him one of America's greatest ex presidents. Grounded on research conducted at the Carter Library *The Carter Presidency* is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years. It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America.

How Sentiment Matters in

International Relations: China and the South China Sea Dispute David Groten, 2019-07-29
Der Aufstieg der Volksrepublik China stellt die internationale Politik und Diplomatie vor immense Herausforderungen. Gleichzeitig nehmen die Spannungen zwischen den USA und der Volksrepublik unaufhörlich zu. Beide Staaten steuern unmittelbar auf einen Konflikt zu den keine Seite intendiert und dessen allumfassende Konsequenzen noch kaum absehbar sind. Ein besonderer Schauplatz dieser wachsenden Auseinandersetzung ist die Region Südostasien in der sowohl die USA im Verbund mit einigen Anrainerstaaten als auch die Volksrepublik China miteinander in einem harten Wettbewerb um die regionale Vorherrschaft stehen. Dieses Buch zeigt anhand der territorialen und maritimen Konflikte in der Südchinesischen See auf dass Chinas zunehmend proaktive und rücksichtslosere Position gegenüber diesen Konflikten und den Konfliktparteien auch eine Folge der zunehmenden Wahrnehmung von Respektlosigkeit und dem damit einhergehenden Wunsch Chinas dies entsprechend zu korrigieren ist und nicht allein eine strategische Entscheidung oder gar unvermeidliche Entwicklung darstellt. Auf diesen Ergebnissen aufbauend wird die Möglichkeit eines nachhaltigen Konfliktmanagements diskutiert und entsprechend eine Reihe konkreter Handlungsempfehlungen formuliert.
