Studies in the Early Text of the Gospels and Acts D. G. K. Taylor, 1999-01-01 No Marketing Blurb

The Gospels in Current Study Simon Kistemaker, 1972

An Introduction to the New Testament, Volume 1 D. Edmond Hiebert, 2002-09-30

Volume One The Gospels and Acts With typical thoroughness Dr Hiebert has produced this volume of his New Testament introductions Though not a commentary on the gospels and Acts the book presents their message along with a discussion of such questions as authorship composition and the Synoptic problem Practical suggestions on how to study these five books are included The bibliographies and annotated book lists are extremely helpful for pastors teachers and laymen

Volume Two The Pauline Epistles This is a detailed introduction to all of Paul s writings epistles that without question are among the most precious treasures of the Christian church Dr Hiebert discusses the historical circumstances of their writing deals with ethical problems and provides helpful general information on the content and nature of the books themselves Discussed in general and separately these epistles are treated in chronological order with emphasis on their eschatology soteriology Christology or ecclesiology

The Old & New Testament Student William Rainey Harper, 1891

Suggestions for studies in New Testament criticism Melancthon Williams Jacobus, 1898

The New Testament Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety Although the volume covers typical questions of introduction such as author date background and sources it focuses primarily on understanding the theological content and meaning of the texts putting students in a position to understand the origins of Christianity and its canonical writings Throughout Hagner delivers balanced conclusions in conversation with classic and current scholarship The book includes summary tables diagrams maps and extensive bibliographies

The Gospel Behind the Gospels Ronald Allen Piper, 1995 This collection of sixteen essays from an international team of major gospel scholars provides fascinating insights into the early source of Jesus sayings known as Q and sheds important light upon current debates about the historical Jesus and Christian origins

Heaven and Earth in the Gospel of Matthew Jonathan T. Pennington, 2007 A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth Rather than being a reverential circumlocution for God heaven in Matthew is part of a highly developed discourse of heaven and earth language Matthew s idiolectic way of using heaven language consists of four aspects 1 a distinction in meaning between singular and plural forms of ouranos 2 frequent use of the heaven and earth word pair 3 regular reference to the Father in heaven and 4 the recurrent use of the Matthean expression kingdom of heaven This book examines the historical precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while

looking forward to its eschatological resolution *Studies of History and Tradition in the Four Gospels* R. T. France, David Wenham, 1980 Few questions have received more attention from Christian scholars and theologians during the past two hundred years than the question of history and tradition in the four gospels But real advances in understanding that have been made there is still quite fundamental disagreement among scholars on how far we can regard the gospels as historically reliable and indeed on what the notion of historicity involves in this context or whether it really matters To thinking Christian this scholarly disagreement is a source of perplexity It may be true that the theology of the N T is a more important object for study than its historical details it is certainly the case that much of the past search for the historical Jesus has led into dead ends But despite the attempts of some to suggest otherwise the conviction remains that the Christian faith is closely and essentially tied up with the history of its founder figure so that the question of the historical value of the gospels cannot be dismissed and should not be left unanswered The Gospels Research Project of Tyndale House Cambridge of which the Gospel Perspectives series is the fruit was set up to look further into the historicity of Jesus question Preface *Criteria for Authenticity in Historical-Jesus Research* Stanley E. Porter, 2004-10-19 Historical Jesus research continues to captivate the interests of scholars and recently there has been renewed discussion of the criteria for authenticity The first half of this volume reviews the state of play in historical Jesus research and examines the criteria in particular One chapter is devoted to the so called Quests and a second critically charts the development of the criteria in the light of form criticism One of the conclusions of this part of the volume is that several criteria especially those based on linguistics need re evaluation The second half of the volume proposes three new criteria based upon use of the Greek language These criteria are Greek language and its context textual variance and discourse features The criteria are proposed as a way forward in historical Jesus research *The Gospels in Current Study* Simon Kistemaker, 1972 *Bulletin of Books in the Various Departments of Literature and Science Added to the Public Library of Cincinnati During the Year...*, 1890 **New Testament Foundations: The four Gospels** Ralph P.
