Write Up Front:

Writing Up Qualitative Research Harry F. Wolcott, 2001-05-23 Harry Wolcott's book is one of those little must-have must-read gems. The voice of experience is unmistakable. It's great fun to read and chock-full of helpful how-to advice. Harry Russell Bernard, University of Florida and author of *Social Research Methods: How do you select what to write up from all the qualitative data that has been collected? How can you best tell the story of your study?* Harry F. Wolcott has thoroughly revised the book that has provided a solution to this conundrum as well as inspired thousands of readers with their writing. Using lively examples and friendly tips gleaned from his own and other researchers' experiences and a warm, reflective and remarkably candid writing style, Wolcott offers readers suggestions for when and where to begin, how to keep the momentum going once writing is underway, suggestions for tightening things up, alternatives for handling questions of theory and method, how to proceed with the mechanics of preparing a manuscript from the table of contents to the index, and how to get published. Designed in a new format to make it easier to locate and review key ideas, this second edition has been completely updated and expanded to include features such as Chapter 4 on Linking Up, which provides readers with thoughtful guidelines as to how and where to use theory, how much needs to be said about method, and some thoughts about the traditional literature review. Applications Give readers the opportunity to put into practice some of Wolcott's tips to improve or jump-start their own writing. Bulleted Reviews Highlight the key points to remember from each chapter. Subject and author indexes for easy reference. Read the book that will not only enable you to better tell the story of your research but will inspire you to write that dissertation, article, or book and incorporate writing into its essential place as part of a professional research career. Written in an easy-to-read, conversational tone, *Writing Up Qualitative Research* is useful and interesting and will be an important aid to graduate students working on their dissertations. It will also enable recent doctorates who accept university positions to advance in their profession through writing and publishing. From review of First Edition in *Harvard Educational Review*: Recommended reading for anyone out there despairing of ever starting to turn that pile of transcripts into written form and indeed for all those lucky enough to have already started. From review of First Edition in *Social Research Association News*: **Be UPFRONT** Lauren Currie, 2026-03-09 Equal parts rebellion and roadmap, Lauren Currie shows us how confidence really works. Zoe Blaskey, Author and Host of *Motherkind* Both a manifesto and a guide, **BE UPFRONT** will change the way you think about confidence and show you exactly what you need to do to uncover yours. A world of confident women will be a changed world for everyone. Stephanie Harrison, Bestselling Author of *New Happy* Galvanising, compassionate, and pragmatic. This is a rare book that doesn't shy away from the societal difficulties faced by women but takes them on. Empowering and exciting. I will be recommending to all of the women in my life. Dr. Sula Windgassen, Health Psychologist and Psychotherapist Everything you've been told about confidence is wrong. **Be UPFRONT** rips up the old rulebook and hands you a new one: 24 new rules for building confidence your way. This isn't about faking, forcing, or waiting.

until you feel ready Confidence isn't a personality trait It's not something you're born with It's a muscle you build every day in small powerful ways Lauren Currie OBE is a global authority on leadership and confidence As founder of the UPFRONT movement she has helped thousands of women rewrite their confidence story and worked with world leading organisations including Nike the NHS and WaterAid to build bold inclusive cultures of confidence In this book she shows you how Through a powerful mix of storytelling research and practical tools you'll learn why confidence isn't about fearlessness why discomfort is your greatest ally and how to swap the old rules that don't work for new ones that do Lauren's voice is honest rebellious and deeply compassionate Her work has transformed thousands of women's lives through The Bond UPFRONT's flagship program and now these tools are in your hands Whether you're navigating a career shift leadership challenges or personal milestones this book will help you build the confidence to speak up take up space and lead with power on your terms Be UPFRONT is a radical unlearning of everything we've been taught about confidence It dismantles the shame and fear that keep women quiet and replaces them with bold unapologetic action This book is a warm hug and a kick up the ass It puts a fire in your belly that will never burn out Unlearn the old rules and Be UPFRONT Start building confidence that will change everything
