Writing For Social Studies:

Teaching Writing in the Social Studies Joan Brodsky Schur, 2020 Good writing skills are a pathway to academic success and a lifelong asset for students. The social studies disciplines offer excellent opportunities for the development of these skills because social studies subjects require students to present information clearly and accurately to summarize different perspectives and to construct persuasive arguments. This book offers invaluable suggestions that will help social studies teachers in grades 7 through 12 to teach the skills of communication and self-expression that will enable students to achieve their college and career goals and become effective citizens with a voice in American society. Writing in the Social Studies Aaron Pribble, 2021-04-01 *Writing in the Social Studies* is a practical guide for educators. On each page are strategies, tips, and takeaways for teachers to implement in their classroom, while every chapter concludes with helpful handouts to distribute directly to students. Beginning with a framework and pacing guide, *Writing in the Social Studies* examines foundational academic and real-world writing, concluding with a methodology for grading and a spirited plea for teachers to write themselves. Teachers who believe in teaching skills through content finally have a blueprint from which to work. Those who understand it is imperative that students graduate with the ability to think critically and express a point of view now have a vehicle with which to achieve their goals. *Writing in the Social Studies* will be the first book to tackle this crucial yet neglected corner of the curriculum. There is a desperate need for professional development in this area and therefore also a tremendous opportunity. It is a professional imperative that social studies educators teach a variety of writing skills through content. As a result, they should have access to a resource which clearly and engagingly shows them how. This is *Writing in the Social Studies*.
