Tarot Of Casanova:

Tarot of Casanova Luca Raimondo,2004-08-01 *Casanova Tarot* Lo Scarabeo,2019 Casanova's Lottery Stephen M. Stigler,2022-10-20 The fascinating story of an important lottery that flourished in France from 1757 to 1836 and its role in transforming our understanding of the nature of risk In the 1750s at the urging of famed adventurer Giacomo Casanova the French state began to embrace risk in adopting a new Loterie The prize amounts paid varied depending on the number of tickets bought and the amount of the bet as determined by each individual bettor The state could lose money on any individual Loterie drawing while being statistically guaranteed to come out on top in the long run In adopting this framework the French state took on risk in a way no other has before or after At each drawing the state was at risk of losing a large amount what is more that risk was precisely calculable generally well understood and yet taken on by the state with little more than a mathematical theory to protect it Stephen M Stigler follows the Loterie from its curious inception through its hiatus during the French Revolution its renewal and expansion in 1797 and finally to its suppression in 1836 examining throughout the wider question of how members of the public came to trust in new financial technologies and believe in their value Drawing from an extensive collection of rare ephemera Stigler pieces together the Loterie s remarkable inner workings as well as its implications for the nature of risk and the role of lotteries in social life over the period 1700 1950 Both a fun read and fodder for many fields Casanova s Lottery shines new light on the conscious introduction of risk into the management of a nation state and the rationality of playing unfair games *Tarot for Sceptics* Ari Freeman,2025-05-27 A compelling method of divination guaranteed to teach sceptics materialists and atheists to get spooky results within their first hour with the Tarot This book will take you from Tarot beginner to a professional level of reading without asking you to relinquish your scepticism or requiring you to adopt a magical belief system It gets deep into the psychology and nature of symbolism storytelling counselling our intuition and what is and isn t going on with psychic phenomena By the end of the book you will not only be a Tarot expert but also have a deep understanding of what divination can and can t do *Psychic Results for Sceptics* contains a complete comparison between Rider Waite Smith Crowley s Thoth and the Marseilles decks in depth descriptions of every card a complete history of Tarot and its relationship with playing cards and magic example readings with each deck in a selection of spreads and much more *Books In Print 2004-2005* Ed Bowker Staff,Staff Bowker, Ed,2004 *Casanova and His Time* Edouard Maynial,1911 **The Casanova Complex** Peter Trachtenberg,1988 Trachtenberg a recovering Casanova takes the reader on a fascinating journey inside the Casanova complex telling what a life of migratory sexuality is really like and who the women are that make it possible He describes the syndrome as a true compulsive disorder similar to alcoholism **The Game of Tarot** Michael Dummett,Sylvia Mann,1980 *Las 50 sombras del tarot* Carme Bachs Rosell,2021-04-14 Monográfico que estudia el comportamiento afectivo dependencias emocionales y prácticas sexuales que podrán corresponder a cada uno de los 22 arcanos mayores del tarot Como parte práctica la autora ha

Religion, Modernity, Globalisation François Gauthier, 2019-09-30 This book argues that the last four decades have seen profound and important changes in the nature and social location of religion and that those changes are best understood when cast against the associated rise of consumerism and neoliberalism These transformations are often misunderstood and underestimated namely because the study of religion remains dependent on the secularisation paradigm which can no longer provide a sufficiently fruitful framework for analysis The book challenges diagnoses of transience and fragmentation by proposing an alternative narrative and set of concepts for understanding the global religious landscape The present situation is framed as the result of a shift from a National Statist to a Global Market regime of religion Adopting a holistic perspective that breaks with the current specialisation tendencies it charts the emergence of the State and the Market as institutions and ideas related to social order as well as their changing rapports from classical modernity to today Breaking with a tradition of Western centeredness the book offers probing enquiries into Indonesia and a synthesis of global and Western trends This long awaited book offers a bold new vision for the social scientific study of religion and will be of great interest to all scholars of the Sociology and Anthropology of religion as well as Religious Studies in general The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Enchanted Islands Mary D. Sheriff, 2018-08-16 In *Enchanted Islands* renowned art historian Mary D Sheriff explores the legendary fictional and real islands that filled the French imagination during the ancien regime as they appeared in royal ballets and festivals epic literature paintings engravings book illustrations and other objects Some of the islands were mythical and found in the most popular literary texts of the day islands featured prominently for instance in Ariosto s *Orlando furioso* Tasso s *Gerusalemme liberata* and F nelon s *Telemachus* Other islands real ones such as Tahiti and St Domingue the French learned about from the writings of travelers and colonists All of them were imagined to be the home of enchantresses who used magic to conquer heroes by promising sensual and sexual pleasure As Sheriff shows the theme of the enchanted island was put to many uses Kings deployed enchanted island mythology to strengthen monarchical authority as Louis XIV did in his famous Versailles festival *Les Plaisirs de l le enchant e* Writers such as F nelon used it to tell morality tales that taught virtue duty and the need for male strength to triumph over female weakness and seduction Yet at the same time artists like Boucher painted enchanted islands to portray art s purpose as the giving of pleasure In all these ways and more Sheriff demonstrates for the first time the centrality of enchanted islands to ancient regime culture in a book that will enchant all readers interested in the art literature and history of the time
