Taming Of Corky Jane Nixon White,2001-02-01 NULL      *The Taming of Corky* Jane Nixon White,2000-12 The current world confusion and condition of human affairs is a natural phase within an evolutionary process that will ultimately lead to the unification of the human race into a single social order This process has passed through stages we should consider as being analogous to those of infancy and childhood and is now in the culminating period of adolescence approaching its long awaited coming of age an age of universal peace and justice This has been the promise given throughout all the major faiths of the world The social fabric of the world is out of balance and through Divine intervention nations will form together in a collective consciousness recognizing the need for a revolutionary shift of spirit to undertake those measures creating lasting harmony and peace Dr M Scott Peck speaks of world views as being religious To move away from war we must distinguish between true religions and false religions true prophets and false prophets and that truth in religion is characterized by inclusivity while falsity in religion can be detected by its one sidedness and failure to integrate the whole History clearly shows that some form of a universal legislative body is not only essential but also inevitable Such a system is not conceived from the mind of mortal man rather it is a Divine System that was set in motion over 6000 years ago The purpose in writing Melchizedek the Temple is to show the story of this evolutionary process a journey through time culminating with the promise of an earthly kingdom an all inclusive world government free from tyranny hate prejudice and war Melchizedek the Temple offers a practical and compelling alternative to antiquated ideas that in reality prevent humankind from achieving what it longs for universal peace and justice It is a message of warning and of promise      *Taming Corky* Crystal Steadman,2024-01-22 After leaving the classroom for the day I make my way to the grocery store with the intention of preparing a delicious meal for the girls and Dean tonight The day has been going well and my students have been actively participating in class lately which brings me joy Upon entering the grocery store I decide on steak and potatoes for tonight s dinner Once I have all my ingredients in hand I head towards the cash register Throughout my time in the store I can t shake off a strange feeling but I dismiss it as nothing significant As I load my groceries into my car I suddenly sense a presence behind me Before I can even turn around I am unexpectedly struck from behind then being forcefully thrown into someone else s vehicle The men have concealed their faces with masks making it impossible for me to recognize them Could someone please explain what s going on I inquire In response one of them tells me to shut the fuck up where in a foreign language instructing me to remain silent We continue to travel for what seems like an eternity until the car eventually halts The men then forcefully pull me out of the vehicle and lead me into a dungeon like structure Inside the dimly lit dungeon fear grips me as I try to make sense of the situation The air is heavy with a musty smell and the sound of dripping water echoes through the cold stone walls I can feel the rough texture of the walls against my fingertips as the men push me further into the depths of the structure My heart races and I struggle to keep my composure Please I don t understand what s happening Why am I
