

# Targetting The Terrorists

**Claire Oakes Finkelstein, Jens David  
Ohlin, Andrew Altman**

## **Targetting The Terrorists:**

**Targeting Terrorists** Avery Plaw, 2016-04-01 *Targeting Terrorists A License to Kill* examines the political history and ethics of targeted killing Avery Plaw's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally Given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject Incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

**Targeting Terrorists** Professor Avery Plaw, 2013-03-28 *Targeting Terrorists A License to Kill* examines the political history and ethics of targeted killing Avery Plaw's analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally Given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject Incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

**Social Theory and Practice**, 2004 *Targeted Killings* Claire Oakes Finkelstein, Jens David Ohlin, Andrew Altman, 2012-03 The controversy surrounding targeted killings represents a crisis of conscience for policymakers lawyers and philosophers grappling with the moral and legal limits of the war on terror This text examines the legal and philosophical issues raised by government efforts to target suspected terrorists

**Legal and Moral Constraints on Low-intensity Conflict** Alberto R. Coll, James S. Ord, Stephen A. Rose, 1995

**Terrorism and Personal Protection** Brian Michael Jenkins, 1985 *A Chronology of Terrorist Attacks and Other Criminal Actions Against Maritime Targets* Brian Michael Jenkins, Rand Corporation, 1983 [Airpower in Small Wars](#) James S. Corum, Wray R. Johnson, 2003 The use of airpower in wartime calls to mind the massive bombings of World War II but airplanes have long been instrumental in small wars as well Ever since its use by the French to put down rebellious Moroccan tribes in 1913 airpower has been employed to fight in limited but often lengthy small conflicts around the globe This is the first comprehensive history of airpower in small wars conflicts pitting states against non state groups such as insurgents bandits factions and terrorists tracing it from the early years of the twentieth century to the present day It examines dozens of conflicts with strikingly different scenarios the Greek Civil War the Philippine Anti Huk campaign French and British colonial wars the war in South Vietnam before the American escalation counterinsurgency in southern Africa Latin American counter guerrilla operations and counterinsurgency and counterterrorist campaigns in the Middle East over

the last four decades For each war the authors describe the strategies employed on both sides of the conflict the air forces engaged and the specific airpower tactics employed They discuss the ground campaigns and provide the political background necessary to understand the air campaigns and in each case they judge the utility of airpower in its broadest sense In their historic sweep they show how forms of airpower evolved from planes to police helicopters aircraft of the civilian air reserve and today s unmanned aircraft They also disclose how small wars after World War II required new strategies operational solutions and tactics By taking this broad view of small war airpower the authors are able to make assessments about the most effective and least effective means of employing airpower They offer specific conclusions ranging from the importance of comprehensive strategy to the need for the United States and its allies to expand small wars training programs Airpower in Small Wars will be invaluable for educating military professionals and policy makers in the subject as well as for providing a useful framework for developing more effective doctrine for employing airpower in the conflicts we are most likely to see in the twenty first century

*Targeting the Third Reich* Robert S. Ehlers,2009 Argues that air intelligence played a crucial but largely overlooked role in the successful execution of the Allied bombing campaigns against the Third Reich which in turn proved a decisive factor in both ending the war in Europe and ending it as soon as it did

*Military Countermeasures to Terrorism in the 1980s* Thomas C. Tompkins,1984 The U S military services have devised defensive and offensive responses to terrorism anti and counterterrorism respectively This Note examines four elements needed for effective anti and counterterrorism programs effective intelligence programs appropriate education and training proper tactics and response techniques and requisite equipment and devices Both AT and CT forces have similar albeit different requirements in these four areas these differences are discussed as are some variances between the services AT and CT programs The Note concludes that terrorism may become a major form of armed conflict and as such will present increasingly serious challenges to the military To counter this threat the military must improve its intelligence functions enhance its education and training programs and more effectively control its limited assets by more use of joint service projects and better fiscal management

**Beating International Terrorism** Stephen Sloan,2000 This study proposes a new approach to countering terrorism which includes the involvement of the U S military in preemptive operations Includes various definition of terrorism policy issues regarding the use of force target selection other topics

*Combating Terrorism* Robert H. Kupperman,1986

*International Journal of Comparative and Applied Criminal Justice* ,1995

**The Enemy of My Enemy** George Michael,2006 In the violent world of radical extremists the enemy of my enemy is my friend This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe It provides an insightful and sane look at the possibilities for collaboration between these groups

**Attack Politics** Emmett H. Buell, Lee Sigelman,2008 Ask most Americans and they ll tell you that presidential campaigns get dirtier and more negative with every election This text suggests that this may not be as true as we think and shows that over the last dozen elections

negativity may have been well publicised but hasn't increased

**National Security for a New Era** Donald M. Snow, 2008  
National Security for a New Era Globalization and Geopolitics After Iraq Third Edition Donald M Snow In the third edition of this popular text renowned security scholar Donald M Snow continues to provide the most up to date and comprehensive analysis of the United States national security situation and its security policies This text examines national security from two fundamental fault lines the end of the Cold War and the 9 11 terrorist attacks and considers how the resulting era of globalization and geopolitics guides policy Placing this trend in conceptual and historical context and following it through military semi military and non military concerns National Security in a New Era treats its subject as a nuanced and subtle phenomenon that is evolving to encompass everything from the nation right down to the individual New to the Third Edition The changing problem of national security due to the Iraq War is discussed throughout the text A new chapter The Legacies of Iraq goes beyond the oft discussed causes of America's involvement to focus on how America will move forward A new chapter Extending Security in a Post Iraq World introduces students to transnational security issues such as borders natural resources diseases and the environment New coverage continues to explore the post Cold War security environment including the resurgence of Russia the proliferation of weapons of mass destruction and the shifting politics of making security policy New Study Discussion Questions and updated Amplification and Challenge boxes provide the tools needed to make connections between abstract analyses of national security issues and daily headlines Visit us at [www.pearsonhighered.com](http://www.pearsonhighered.com)

*The State of the World's Cities Report 2006/2007* United Nations Human Settlements Programme, 2006 Cities are facing enormous challenges with rapidly growing urban populations often worsening environmental conditions and deteriorating infrastructure inequalities and housing shortages unemployment crime and violence This title explains how planning and municipal government can address these challenges

Brassey's Naval and Shipping Annual, 1955

**International Law Discussions**, 2006      **Pirates, Terrorists, and Warlords** Jeffrey H. Norwitz, 2009-07 A serious look at the enemies we face in the twenty first
