*The Task of Utopia* Erin McKenna,2001 At their best both American pragmatism and utopianism are about hope Both encourage people to think about the future as a guide to understanding the past and forming the present Just as pragmatism has often been misunderstood as valueless instrumentalism utopianism has been limited to dreams of a static perfect world In this book Erin McKenna argues that utopian vision informed by pragmatism results in a process model of utopia that can help form the future based on critical intelligence Using John Dewey s works with feminist theory and literature McKenna develops this pragmatist feminist model of utopia

*The Oxford Handbook of Feminist Philosophy* Kim Q. Hall,Ásta,2021 Provides a thorough overview of the history impact and current state of feminist philosophy Eschews overly technical jargon in order to remain accessible to students and those without a strong background philosophy Introduces key debates and issues in feminist philosophy and explores its intersectionality Remains valuable to a readership that extends outside philosophy Book jacket

McBride III,Erin McKenna,2022-06-02 A contemporary appraisal of the breadth significance and legacy of the work of Charlene Haddock Seigfried this book brings together writings focused on pragmatist feminism feminist pragmatism contemporary pragmatism William James and the reconstruction of philosophy education and American philosophy in the 21st century Charlene Haddock Seigfried is a looming figure in American thought and feminist theory who coined the phrase pragmatist feminist which has become an increasingly important concept in contemporary philosophy Seigfried argues that pragmatism and its rich history is a natural ally for feminism and that the creative combination of these two traditions can pave the way for a genuinely emancipatory feminist practice Pragmatist Feminism and the Work of Charlene Haddock Seigfried explores and pushes this theory and brings it into conversation with some of the most vibrant strands of current philosophy

**The Feminist Utopian Novels of Charlotte Perkins Gilman** Chloe Avril,2008 A study of Charlotte Perkins Gilman s Utopian novels which argues that her understanding of the fundamental link between personal relationships of women as lovers wives and mothers and her broader political aims of transforming society remains a radical starting point for feminists

**The Utopian Aesthetics of Three African American Women (Toni Morrison, Gloria Naylor, Julie Dash)** Heike Raphael-Hernandez,2008 This work offers a connection between the concrete utopian

theory of hope by the Gennan Jewish philosopher Ernst Bloch and the literary productions of contemporary African American women writers The study argues that these literary texts should be read as concrete utopias outlined in Bloch s major work The Principle of Hope Bloch argues that when people become consciously aware of the dialectical tendencies in concrete utopias will they recognize the possibilities first for their own personal empowerment and then for their communities As a result of their conscious awareness readers will be able to perceive the visions of the texts and will begin to actively dream of becoming agents for change themselves The study claims that most texts by contemporary African American women writers such as Alice Walker Toni Cade Bambara Gloria Naylor Ntozake Shange Toni Morrison Gayl Jones Paule Marshall Sherley Anne Williams Bebe Moore Campbell and Terry McMillan provide concrete utopian visions An application of Bloch s theory to these writers enriches a reading of their texts and demonstrates that art is the medium that will remind people of their constant never ending responsibility for personal agency *John Dewey and Moral Imagination* Steven Fesmire,2003-09-04 While examining the important role of imagination in making moral judgments John Dewey and Moral Imagination focuses new attention on the relationship between American pragmatism and ethics Steven Fesmire takes up threads of Dewey s thought that have been largely unexplored and elaborates pragmatism s distinctive contribution to understandings of moral experience inquiry and judgment Building on two Deweyan notions that moral character belief and reasoning are part of a social and historical context and that moral deliberation is an imaginative dramatic rehearsal of possibilities Fesmire shows that moral imagination can be conceived as a process of aesthetic perception and artistic creativity Fesmire s original readings of Dewey shed new light on the imaginative process human emotional make up and expression and the nature of moral judgment This original book presents a robust and distinctly pragmatic approach to ethics politics moral education and moral conduct **Encyclopedia of Philosophy** Donald M. narratives Alongside investigations into the meaning of science fiction SciFi in the Mind s Eye gives us previously unpublished interventions by acclaimed science fiction authors L Timmel Duchamp Nicola Griffith Nancy Kress Terry Bisson and Stanislaw Lem **I Am the Other** Maria A. Ferreira,2005-02-28 The idea of human cloning has fascinated writers and philosophers for centuries and has been dramatized in myths and fiction This volume traces these fictional illustrations of human cloning from some of the earlier manifestations to more contemporary responses Using a feminist and psychoanalytic perspective this book examines parthenogenesis and other related fantasies and argues that cloning could be an important tool in helping women achieve a more egalitarian status Ferreira contemplates the new psychological implication for humanity that will arise as a result of the development and application of genetic engineering and the possible implementation of human cloning This is one of the first books wholly devoted to a specifically literary analysis of the many issues surrounding the fantasy of human cloning which could in fact become a reality at any moment It makes it a timely contribution to the controversial political social ethical cultural and philosophical debate on cloning and its numerous ramifications International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences ,2001 Choice ,2002 **Revista Veritas** ,2008
