Wish To Be:

St. Paul's Wish to be Accursed from Christ Bartholomew Keeling, 1766 *The Little Collector; Or, "I Wish to be Useful in Some Way."*, 1830 I Wish To Be A Fat Pig Mona Gracen, Do Teachers Wish to Be Agents of Change? Allen Menlo, LeVerne Collet, 2015-04-27 This study surveyed principals and teachers in ten countries to compare principal and teacher attitudes toward the involvement of teachers in several change and development responsibilities The participating countries were Australia Canada China Hungary Israel Japan Netherlands Singapore South Africa and United States Each country administered mirror versions of a questionnaire to samples of at least 50 principals and at least 100 teachers The questionnaires listed twenty items describing change responsibilities in which teachers might become involved For each item both principals and teachers assigned two teacher involvement ratings their personal preference and their estimate of the preference of their role counterpart These involvement ratings produced four dependent variables Principal Preferences Principal Estimates Teacher Preferences and Teacher Estimates For each variable item responses were clustered to form index sub scores that measured attitudes toward five education domains Administration and Coordination Human Relations Teacher Support Classroom Learning and Evaluation Systematic planned comparisons were conducted to determine the most important principal teacher issues within and between countries and how issues change across index domains Typical results indicate low awareness of each other's aspirations and expectations The first and last chapters of this book discuss the potential of teacher leaders to become agents of change within their own schools Several social psychological competencies are then described for these teachers in their work *Children's Wishes* George Wagner, 1854 **World Cup Wishes** Eshkol Nevo, 2010 Four friends get together to watch the 1998 World Cup final One of them has an idea let's write down our wishes for the next few years put them away and during the next final four years from now we'll get them out and see how many we've achieved This is how *World Cup Wishes* opens and from here we watch what happens to their wishes and their friendships as life marches on The four men's bond is deep and solid but tested by betrayal death and distance their alliance comes under pressure Each friend offers a different perspective though not necessarily a reliable one and as they and the world around them change so do their ideas of friendship and happiness By the end they are forced to ask whether wishes can really be fulfilled Or will their story turn out to be a requiem for a generation for friendship or even for one of the four young men Once again Eshkol Nevo has produced a novel suffused with charm warmth and an astonishing wisdom
