Committee on the Judiciary, *The Nate Thrower Series Books 1-4* Mike Ryan, Nate Thrower is the best bodyguard in the business Whether he s helping The Silencer or The Eliminator or working on his own cases there is nobody better If you need a bodyguard there s one man that rises above the rest Nate Thrower The Bodyguard Nate Thrower is in Mexico barely finished with one job when another one literally shows up at his doorstep He s hired by Manuel Ortiz a wealthy CEO who s been receiving threats The threats soon escalate into violence with everyone in Ortiz family now directly in danger People are getting hurt With things spiraling out of control Thrower makes a call to an old friend to help him out of the jam Together they ll Silence their opponents and eliminate the threat All In Thrower is hired by Logan Yarbrough who is the agent for model Monica St James She has been receiving threats but she s also scheduled to leave the country to go on some photo shoots across Europe While Thrower and St James don t mix well at first they soon develop an affection for each other While in Europe they re in almost constant danger And in order to get out of this he s going to have to figure out who s behind the threats on St James life Once he does the answer is surprising and not what he suspected But he ll do what it takes to protect his client and take the fight to his enemies no matter what it takes Whatever It Takes A photographer and his girlfriend hire Thrower for protection after a few questionable incidents But it doesn t take Thrower long to get knee deep into things as he gets involved before he even really knows what s happening As The Bodyguard protects his clients he starts to unravel what the attackers really want It s assumed the photographer took pictures of something he wasn t supposed to but it goes much deeper than that For Thrower he ll do whatever it takes to protect them and find out what the truth really is Halfway Gone Thrower is in the small town of Redgate finishing up a case Or so he thought Just as he s about to leave town he s attacked drawing him back in to figure out what is going on and whether he s really as done with his case as he thought he was As Thrower tries to unravel the mystery he gets thrown even deeper into a mess Murder arson a jail stint and someone trying to kill him multiple times There s no shortage of obstacles on Thrower s plate There s something going on in Redgate and it s someone with power behind it But will Thrower be able to figure out who that is before his client pays the ultimate price

Studies of Work and the Workplace in HCI Graham Button, Wes Sharrock, 2009-08-08 This book has two purposes First to introduce the study of work and the workplace as a method for informing the design of computer systems to be used at work We primarily focus on the predominant way in which the organization of work has been approached within the field of human computer interaction HCI which is from the perspective of ethnomethodology We locate studies of work in HCI within its intellectual antecedents and describe paradigmatic examples and case studies Second we hope to provide those who are intending to conduct the type of fieldwork that studies of work and the workplace draw off with suggestions as to how they can go about their own work of developing observations about the settings they encounter These suggestions take

the form of a set of maxims that we have found useful while conducting the studies we have been involved in We draw from our own fieldwork notes in order to illustrate these maxims In addition we also offer some homilies about how to make observations again these are ones we have found useful in our own work Table of Contents Motivation Overview A Paradigmatic Case Scientific Foundations Detailed Description Case Study How to Conduct Ethnomethodological Studies of Work Making Observations Current Status
