**The Leadership Handbook** John C. Maxwell, 2008 The path to leadership begins with a question only few of us ask How do I lead myself John Maxwell presents twenty six insights not just for those who aspire to positions of leadership but also for veteran leaders who aim to build and improve upon the steps that led them to the front of the line Sound leadership will impact any endeavor but sound leaders are prepared for risk and importantly failure just as they point the way toward achievement With application exercises and a Mentoring Moment to accompany each chapter The Leadership Handbook presents a road map for a path many may cross but few choose to follow A leader counsels Maxwell never has to recover from a good start Publisher s website

**Hotel Management: An Executive Leadership Handbook** Mostafa Sayyadi, 2022-12-17 The design of this book is structured to present novel insights that explain the theoretical linkages among organizational factors in hotels Managerial applications that may also support organizational performance are proposed here My contribution to the hotel management literature lies in presenting theoretical linkages that incorporate the organizational factors that may impact organizational performance in hotels The findings in this book are based upon previous industry researches This book also has several implications for research First given the emphasis in the literature on hotel leadership and hotel knowledge management as two significant indicators for organizational performance this book adds to a relatively small body of the hotel management literature Second this book advances the current literature on hotel leadership development by offering novel insights into how hotel leaders can prepare hotels for the new normal Particularly I argue that hotel leaders are those hotel managers or owners who effectively exert effective changes within hotels Drawing from the current organizational theories this book suggests new insights to identify hotel leadership as a primary driver which influences hotels organizational resources The review of the prior industry research findings reveals that hotel leaders leverage sizable effects on workplace design In particular these findings provide evidence that hotel leadership is behind the kind of workplace which has been designed in hotels Third this book contributes to research on hotel change management through articulating the impacts of hotel leadership on organizational design
