

Stefan's Success Story...

You completed your plumbing apprenticeship with the Cyfle scheme and ateb. How did ateb support you during your apprenticeship?

Cyfle could only take me so far whereas ateb took me on for the remainder of my apprenticeship. I did all my work experience with ateb so when my fixed term contract came to an end, ateb carried on my apprenticeship so that I could finish it. I was lucky to secure permanent employment with ateb as a developing Heating & Plumbing Engineer after my apprenticeship; all my skills and experience that I gained during my apprenticeship no doubt helped me get that job!

It was great news to have you back after your apprenticeship, as one of our Heating & Plumbing Engineers. How did ateb support your continuous learning and development?

ateb supported me to complete further training to support me in my new role; I completed my OFTEC (Oil) qualifications and also training in Fire Sprinkler maintenance, Fire Awareness, First Aid and Asbestos. I think it's great that we have the opportunity to have regular training to keep our knowledge, skills and awareness of important topics up to date, such as mental health awareness training.

What advice would you give to others applying for an apprenticeship?

There are so many opportunities to learn whilst on the job during your apprenticeship at ateb, so stay motivated, committed and be prepared to learn!

How do you feel you create better living solutions and why?

I create better living solutions by improving our customer homes with better equipment to keep them safe and warm. It feels great when I've done a great job and the customer is happy.
