## **Stilleben Gedichte:**

**Stilleben** Günter Kunert, 1992 *Schaltstelle*, 2016-08-09 Erstmals liegt mit *Schaltstelle* eine umfassende Studie zur zeitgenössischen deutschsprachigen Lyrik auf der Schwelle zum 21. Jahrhundert vor. In einem breiten Spektrum an Beiträgen international renommierter Experten aus Deutschland, Großbritannien, den USA, Kanada, Italien und den Niederlanden präsentiert diese Untersuchung ausführliche Analysen zu bekannten Größen wie Volker Braun, Ulrike Draesner, Durs Grünbein, Ernst Jandl, Barbara Kehler, Friederike Mayröcker, Brigitte Oleschinski und Raoul Schrott eingehende Betrachtungen zur Lyrik des Körpers zur Verwendung von Klischee-Bildern zum Topos der Kindheit oder zur neuen Schlichtheit sowie Beiträge zur jüngsten Generation von Dichterinnen und Dichtern, die im neuen Jahrhundert ihren Einstand gegeben haben. Untersuchungen zu individuellen Gedichtsammlungen ergreifen sich mit Abhandlungen, die Dialoge über die Jahrhundertgrenzen hinweg aufzeigen oder den Einfluss von Schlüsselfiguren wie Paul Celan und Gottfried Benn nachweisen. Zudem enthält der Band ein Interview mit Heinz Czechowski und neue Gedichte von acht führenden deutschsprachigen Lyrikerinnen und Lyrikern. Zu oft wird in Diskussionen zur Literatur in der Berliner Republik die Lyrik marginalisiert; dieser Band zeigt, dass sie im Gegenteil eine unerlöste Rolle zu spielen hat. Für Wissenschaftler und Studierende der Germanistik wie überhaupt für alle, die an den Entwicklungen auf dem Gebiet der modernen Lyrik interessiert sind, sollte diese Veröffentlichung zur Pflichtlektüre erhoben werden. *Schaltstelle* presents a pioneering examination of contemporary German poetry at the turn of the twenty-first century. Internationally recognised experts from Germany, UK, USA, Canada, Italy and the Netherlands offer a first assessment of the paths that German poetry has taken into the new millennium. Alongside in-depth analyses of established names are broader surveys of poetry of the body, the use of cliché, theories of metaphor, the topos of childhood, the new simplicity and contributions dedicated to the youngest generation of poets making their debut in the new century. The volume also contains an interview with Heinz Czechowski, a substantial bibliography and new poems by eight leading poets. Poetry is too often marginalised in discussions about literature in the Berlin Republic; this volume demonstrates that it has a vital role to play at their heart.

**DDR-Lyrik im Kontext**, 2023-11-27 Founded in 1972, this series welcomes publications that further develop the investigation of German language, literature and culture from a transdisciplinary perspective covering the period from 1600 onwards. This includes edited volumes and monographs offering state-of-the-art research as well as new critical editions of primary sources and collections. Our mission remains to publish high-quality research, especially new transdisciplinary approaches to German Studies. Consequently, the series offers a venue for exploring emerging fields of study that intersect with German cultural studies. This may include, but is not limited to, gender and sexuality studies, critical race and whiteness studies, disability studies, transcultural and postcolonial studies, film, theatre and comic studies. All submissions are subject to a double anonymous peer review process prior to publication. Authors are cordially invited to submit proposals for manuscripts in either German or English to the publisher at BRILL Masja Horn. Please advise our Guidelines for a Book Proposal.

*Deutsch-deutsches Literaturexil* Walter Schmitz, Jörg Bernig, 2009      **Breaking Boundaries** Karen J. Leeder, 1996 This book examines the controversial younger generation of poets who were born into the established socialist state of the GDR It explores the ways in which these young poets have broken the literary and political boundaries which were imposed upon them through an examination of their work and assesses the durability of their radical project      *The Poet's Role* Ruth J. Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period It sets out to investigate by means of close textual analysis whether the German Wende was also a turning point for poetry exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany An introductory chapter considers what is distinct about poetry as a genre especially under censorship or amid historic change as well as outlining the post unification Literaturstreit The following chapter offers a survey of the poet's role in the GDR from 1949 until 1989 Two central chapters then gather the poetry of the Wende and unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun and Durs Grünbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period      *Gedichte* Günter Kunert, 1987      **"Die" deutschen Dichter der Neuzeit und Gegenwart** Carl Ludwig Leimbach, 1890      **Local - Global Narratives** Renate Rechten, Karoline Von Oppen, 2007 Over the past decade and a half Germany has experienced a period of political and cultural turbulence which many have attributed to the combined challenges of unification and globalisation In response to growing exposure to global markets politics and migration debates about identity have increasingly been re-nationalised At the same time there has been a notable reappraisal in Germany and in German Studies of the regional and global as spaces for the construction of identity This volume sets out to explore these complex and at times contradictory trends focusing in particular on developments in Germany since the 1970s although chapters treating earlier periods are also included The volume brings together British Irish German Canadian and American scholars working in the field and resulted from a conference organised by Women in German Studies at the University of Bath The first section is primarily concerned with the specifically German concept of locality known as Heimat and its changing relationship with the global Included are explorations of the writings of Kafka Bachmann Johnson Sell Wolf Brinkmann and Jelinek amongst others as well as films by Schlöndorff and Steyerl The second section focuses on the impact of the global on institutions and rituals such as commemoration memorialisation and architecture which have traditionally been influential in shaping national self images Overall this volume concludes that the nature of the relationship to the local has fundamentally changed under the impact of

globalisation *Der Sündenfall* Kerry Dunne,1995 The imagery of the Fall recurs in Gunter Kunert s poetry and prose during the period 1960 1990 The images relate to the loss of paradise to the human condition following this loss and to the hope of regaining paradise that emerged with the knowledge of having been exiled By approaching Kunert s work using the Fall as a unifying element the relationship of seemingly disparate themes such as death utopia sexuality and writing becomes apparent The Fall imagery is shown to be a parabolic key to Kunert s view of human existence and of Western civilisation in particular This study based on close textual analysis emphasises the existential nature of Kunert s themes It is the first systematic study to demonstrate the continuity of Kunert s themes before and after leaving the then GDR Stilleben mit Hindernissen Carl Cubasch,1874 *Malerei und Grafik in deutscher Lyrik des 20. Jahrhunderts* Klaus Mönig,2002 Betr u a G nter Kunert und Arnold B cklins Toteninsel *Sehnsucht und Stilleben* Johann Heinrich Steinhausen,1841 **Westermanns Monatshefte** ,1907 **Geschichte des Kirchenlieds und Kirchengesangs der christlichen, insbesondere der deutschen evangelischen Kirche** Eduard Emil Koch,1872 Blätter für literarische Unterhaltung ,1871 Blätter für literarische Unterhaltung ,1871 **Neue litterarische blätter** ,1894 *Lyrik aus der DDR* Birgit H. Lermen,Matthias Loewen,1987 **Stilleben auf Sylt** Julius Rodenberg,1876
