solutions requires a lack of distraction and concentration Working word search puzzles affects the thinking side of your brain which forces you to solve problems logically a valuable and important skill Word puzzles teach critical thinking skills Word search puzzles can return adults to a playful state of mind Word Search Puzzles: Use Lateral Thinking and English Vocabulary Skills to Solve These Challenging Riddles Vaibhav Devanathan,2021-03-05 Fun Word Games Word Finder and Word Search puzzles are simultaneously the most fun and most infuriating kinds of word puzzles The format of puzzles in this book easy to get 60% of them right especially with hints and almost impossible to get a perfect score 100% of the time This book gives you a chance to take the ultimate word game challenge and to measure your genius quotient at your own pace and under your own rule set Key Advantages Direct correlation with IQ increase and cognitive ability Word games of the type featured in this book are directly related to your ability to solve problems that are simple on the surface but complex underneath almost exactly like an iceberg If you want to measure this directly you can stare at one of these word puzzles for a while and measure the time you need till you guess the answer correctly without using hints If you do this twenty times in a row with twenty different puzzles and measure the time taken to solve each you will notice a clear downward trend in the times this proves that even over the course of a casual half hour playthrough of the word games in this book there is a clear and measurable improvement in your ability to solve simple or complex lexical problems and the effect will be much more pronounced as you spend more and more time with all the puzzles in this volume and in this series All the benefits of a physical workout but for your mind After a good long workout at the gym you feel good Both your body and your mind are refreshed and even through your tiredness you are happy The process in the Brains Need Gyms series is very similar you will go through many difficult puzzles and flex your mental muscles till you are exhausted However the aftermath is positive you will be able to go back to your other tasks mentally refreshed and armed with many new logic tools to attack the questions that your daily life throws at you Go on gift your brain the gym subscription it s always deserved At the very least it s far cheaper than a physical gym subscription to say nothing of a personal trainer You will acquire skills that help you get good at other word games that are more mainstream If you have always wanted to get better at solving crosswords this book provides a good way to acquire a formative skill This book is filled with word puzzles that form the basis of solving crosswords You will look at an incomplete word and your brain will go to work recognizing patterns and you will solve each problem Creativity boosts enforced by needing to look at each question in a different way Very few problems in this book will yield to a straightforward stare at it till the answer manifests itself in front of your eyes technique Sure the first few questions in the first few chapters might be solved by this approach but it will rapidly become apparent to you that you need to invent new ways to look at each problem so that your brain can acquire the lateral perspective needed to hit the correct answer on the head every time the book throws a fresh challenge at it So whether you re looking at interesting letter sequence patterns in the first 5 letters of a word that you have to guess and ignoring the last few letters temporarily or filling in placeholder

letters in position 2 and 4 the crucial letters to fill you will have your hands full with coming up with unique solutions in real time to difficult questions The feeling of accomplishment when you solve that pesky problem that s been filling your head and distracting you from real life for half an hour or longer cannot be understated it is akin to the pure joy that comes from finally getting rid of a mosquito
