## **Spectral Jew Conversion Embodiment In:**

**The Spectral Jew** Steven F. Kruger, 2006-01 Medieval European culture encompassed Judaic Christian Muslim and pagan societies forming a complex matrix of religious belief identity and imagination Through incisive readings of a broad range of medieval texts and informed by poststructuralist queer and feminist theories *The Spectral Jew* traces the Jewish presence in Western Europe to show how the body gender and sexuality were at the root of the construction of medieval religious anxieties inconsistencies and instabilities Looking closely at how medieval Jewish and Christian identities are distinguished from each other yet intimately intertwined Kruger demonstrates how Jews were often corporealized in ways that posited them as inferior to Christians archaic and incapable of change even as the two mutually shaped each other But such attempts to differentiate Jews and Christians were inevitably haunted by the knowledge that Christianity had emerged out of Judaism and was in its own self understanding a community of converts Examining the points of contact between Christian and Jewish communities Kruger discloses the profound paradox of the Jew as different in all ways yet capable of converting to fully Christian status He draws from central medieval authors and texts such as Peter Damian Guibert of Nogent the Barcelona Disputation and the Hebrew chronicles of the First Crusade as well as lesser known writings such as the disputations of Ceuta Majorca and Tortosa and the immensely popular Dialogues of Peter Alfonsi By putting the conversion narrative at the center of this analysis Kruger exposes it as a disruption of categories rather than a smooth passage and reveals the prominent role Judaism played in the medieval Christian imagination Steven F Kruger is professor of English and medieval studies at Queens College and the Graduate Center CUNY He is author of several books and editor with Glenn Burger of *Queering the Middle Ages* Minnesota 2001

**Jewish/Christian/Queer** Frederick Roden, 2016-05-06 At a time when major branches of Judaism and most Christian denominations are addressing the relationship between religion and homosexuality *Jewish Christian Queer* offers a unique examination of the similarities between the queer intersections of Judaism and Christianity and the queer intersections of the homosexual and the religious This volume investigates three forms of queerness the rhetorical theological and the discursive dissonance at the meeting points between Christianity and Judaism the crossroads of the religious and the homosexual and the intersections of these two forms of queerness namely where the religiously queer of Jewish and Christian speech intersects with the sexually queer of religiously identified homosexual discourse Including essays on literature and literary theory Christian theology Biblical Rabbinic and Jewish studies queer theory architecture Freud gay and lesbian studies and history *Jewish Christian Queer* will have a truly interdisciplinary appeal

*Contesting Inter-Religious Conversion in the Medieval World* Yosi Yisraeli, Yaniv Fox, 2016-12-08 The Mediterranean and its hinterlands were the scene of intensive and transformative contact between cultures in the Middle Ages From the seventh to the seventeenth century the three civilizations into which the region came to be divided geographically the Islamic Khalifate the Byzantine Empire and the Latin West were busily redefining themselves vis vis one

another Interspersed throughout the region were communities of minorities such as Christians in Muslim lands Muslims in Christian lands heterodoxical sects pagans and of course Jews One of the most potent vectors of interaction and influence between these communities in the medieval world was inter religious conversion the process whereby groups or individuals formally embraced a new religion The chapters of this book explore this dynamic what did it mean to convert to Christianity in seventh century Ireland What did it mean to embrace Islam in tenth century Egypt Are the two phenomena comparable on a social cultural and legal level The chapters of the book also ask what we are able to learn from our sources which at times provide a very culturally charged and specific conversion rhetoric Taken as a whole the compositions in this volume set out to argue that inter religious conversion was a process that was recognizable and comparable throughout its geographical and chronological purview

*Christians and Jews in Angevin England* Sarah Rees Jones, Sethina Claire Watson, 2013 The mass suicide and murder of the men women and children of the Jewish community in York on 16 March 1190 is one of the most scarring events in the history of Anglo Judaism This book sets it into the context of other attacks on Jews across England at the time looks at how the narrative of events was created and considers the circumstances and processes through which Christian and Jewish neighbours became enemies and victims

*Leaving the Jewish Fold* Todd Endelman, 2015-02-22 Between the French Revolution and World War II hundreds of thousands of Jews left the Jewish fold by becoming Christians or in liberal states by intermarrying Telling the stories of both famous and obscure individuals *Leaving the Jewish Fold* explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today Arguing that religious conviction was rarely a motive for Jews who become Christians Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns especially the desire to escape the stigma of Jewishness and its social occupational and emotional burdens Through a detailed and colorful narrative Endelman considers the social setting national contexts and historical circumstances that encouraged Jews to abandon Judaism and factors that worked to the opposite effect Demonstrating that anti Jewish prejudice weighed more heavily on the Jews of Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century he reexamines how Germany's political and social development deviated from other European states Endelman also reveals that liberal societies such as Great Britain and the United States which tolerated Jewish integration promoted radical assimilation and the dissolution of Jewish ties as often as hostile illiberal societies such as Germany and Poland from dust jacket

**On the Word of a Jew** Nina Caputo, Mitchell B. Hart, 2019-01-14 Fourteen essays examining the dynamics of trust and mistrust in Jewish history from biblical times to today What if anything does religion have to do with how reliable we perceive one another to be When and how did religious difference matter in the past when it came to trusting the word of another In today's world we take for granted that being Jewish should not matter when it comes to acting or engaging in the public realm but this was not always the case The essays in this volume look at how and when Jews were recognized as reliable and

trustworthy in the areas of jurisprudence medicine politics academia culture business and finance As they explore issues of trust and mistrust the authors reveal how caricatures of Jews move through religious political and legal systems While the volume is framed as an exploration of Jewish and Christian relations it grapples with perceptions of Jews and Jewishness from the biblical period to today from the Middle East to North America and in Ashkenazi and Sephardi traditions Taken together these essays reflect on the mechanics of trust and sometimes mistrust in everyday interactions involving Jews Highly readable and compelling this volume marks a broadly significant contribution to Jewish studies through the underexplored dynamic of trust Rebekah Klein Pej ov author of *Mapping Jewish Loyalties in Interwar Slovakia* An exemplary compendium on how to engage with a major concept trust while providing load of gripping new information new theorization of otherwise well covered material and meticulous attention to textual and sociological sources Gil Anidjar author of *Blood A Critique of Christianity* *Studies in the Age of Chaucer* David Matthews,2013-01-15 *Studies in the Age of Chaucer* is the annual yearbook of the New Chaucer Society publishing articles on the writing of Chaucer and his contemporaries their antecedents and successors and their intellectual and social contexts More generally articles explore the culture and writing of later medieval Britain 1200 1500 Each SAC volume also includes an annotated bibliography and reviews of Chaucer related publications ***Journal of Medieval and Early Modern Studies*** ,2009 ***The Medieval British Literature Handbook*** Daniel T.
