

The image is a composite. The top half shows a city skyline, likely New York City, with various skyscrapers silhouetted against a dramatic, orange and yellow sunset sky. The bottom half shows a large crowd of people, seen from behind, standing on a pier or waterfront area. The crowd is densely packed and extends into the distance. The overall mood is contemplative and evocative.

Isn't it far better to live a poetic life than to spend one's life writing Poetry?

The Poetic Life

Sir Sidney Lee

The Poetic Life:

The Poetry of Life in Literature Anna-Teresa Tymieniecka, 2000-09-30 Poetry of life in literature and through literature and the vast territory in between as vast as human life itself where they interact and influence each other is the nerve of human existence Whether we are aware of it or not we are profoundly dissatisfied with the stark reality of life's swift progress onward and the enigmatic and irretrievable meaning of the past And so we dramatise our existence probing deeply for a lyrical and heartfelt yet universally valid sense of our experience It is in great works of literature that we seek those hidden springs that so move us It is in honour of this search that this collection focuses on the creative imagination at work in literature and aesthetics

A Gift Imprisoned Ian Hamilton, 1999-02-17 Acclaimed biographer Ian Hamilton explores the life of poet and social prophet Matthew Arnold an impassioned lyric poet who became Victorian England's best known educational reformer and literary critic *Edward Upward and Left-Wing Literary Culture in Britain* Benjamin Kohlmann, 2016-04-29 Offering the first book length consideration of Edward Upward 1903-2009 one of the major British left wing writers this collection positions his life and works in the changing artistic social and political contexts of the twentieth and early twenty first centuries Upward's fiction and non fiction from the 1920s onwards illustrate the thematic and formal richness of left wing writing during the twentieth century age of extremes At the same time Upward's work shows the inherent tensions of a life committed at once to writing and to politics The full range of Upward's work and a wealth of unpublished materials are examined including his early fantastic stories of the 1920s his Marxist fiction of the 1930s the extraordinary semi autobiographical trilogy *The Spiral Ascent* and his formally and thematically innovative later stories The essays collected here reevaluate Upward's central place in twentieth century British literary culture and assess his legacy for the twenty first century

Translation and the Poet's Life Paul Davis, 2008-09-04 Between the Civil War and the early decades of the eighteenth century English poets of the first rank devoted more of their time and creative energies to translating than they had ever done before or have ever done since Paul Davis's *Translation and the Poet's Life* is the first study to range across the entirety of this golden age of poetic translation in England taking as its organizing principle and object of inquiry the significances of translating itself as a distinctive mode of imaginative conduct Composed of case studies of the five leading poet translators of the age John Denham Henry Vaughan Abraham Cowley John Dryden and Alexander Pope it explores the part translation played in their lives as poets and thence in modelling the poet's life during what was a period of transition between early modern and modern constructions of it The argumentative method of the book is metaphorical Each chapter explores the impact on the theory and practice of the poet at issue of a metaphor or group of metaphors broadly current in contemporary translation discourse in particular figurations of the translator as an exile as a child as a code breaker and as a slave and comparisons of translation to friendship sexual congress metamorphosis and trade The majority of these metaphors were wholly or potentially pejorative translation remained a controversial practice

throughout this period widely depreciated and stigmatized Turning translator accordingly forced the five major poets considered in Translation and the Poet s Life to undertake strenuous efforts of self inquiry and self presentation to find new answers to questions integral to their understandings of themselves and their standing in their culture questions about vocation and career fame and happiness responsibility and freedom Translation and the Poet s Life tells the stories of these personal and public remakings
