Year Of The Cornflake:

The Year of the Cornflake Faith Addis, Briony Sykes, 2006-07-01 Brian and Faith Addis sell their flower shop in Bloomsbury and move to a roomy farmhouse in Devon. From here they offer memorable holidays for the child who loves the outdoor life. The cheerful brochure goes on to promise Shetland ponies, piglets and goats, all of which materialise along with many strays and new births, keeping the children busy thinking up names. Although sometimes things go wrong, the spectacular summer drought that puts paid to Brian's dream of self-sufficiency, most things go right and the children have a glorious time. Snowball fights, farmyard dung, mackerel fishing in Lyme Regis, tea parties in the rabbit run, no wonder that the children are loath to leave. In *The Year of the Cornflake* with all its animals, outings and upsets, Faith Addis shows that she is a natural storyteller with an infectious sense of humour and wonderful ear for the vividness of children's speech.

Words on Cassette, 2002 R R Bowker Publishing, 2002 [Mycotoxins in Plants and Plant Products](#) Martin Weidenbörner, 2017-05-10 This book provides detailed data and information about the cereals and cereal products that are affected by mycotoxins and gives a basic overview of mycotoxins in these foodstuffs. Mycotoxin contamination of food occurs as a result of crop invasion by field fungi such as *Fusarium* spp and *Alternaria* spp or storage fungi such as *Aspergillus* spp and *Penicillium* spp which can grow on in stored commodities and are able to produce mycotoxins. In the worst case these fungi produce secondary metabolites called mycotoxins which can be very harmful to humans and animals when for example they are consumed through food due to their various negative effects on several organs in both humans and animals. *Mycotoxins in Plants and Plant Products: Cereals and Cereal Products* lists the predisposition of a foodstuff for mycotoxin contamination as well as the degree of contamination, concentration and country of detection, origin for each case of mycotoxin contamination of this kind of foodstuff. It includes both alphabetical and numerical lists of literature. *The Cotswolds Christmas Cafe* Lizzie Lee, 2025-10-28 This was pure heart and soul, goodness, fizzy feelings and gooey moments of pure joy. This book was one of my best of the year. I inhaled it. Reader review 5 stars. The Cotswolds village of Babblebrook is filled with the scent of hot chocolate and gingerbread; this Christmas could love be in the air too. After leaving her cheating husband, Marnie needs a fresh start. With her thirteen-year-old daughter, Lauren, she moves back to her childhood village, Babblebrook. But her new neighbour, Andrew, might just be the rudest man Marnie has ever met. So why she can't stop thinking about him, Marnie throws herself into local the bakery, baking mince pies and spiced buns to help her old friends Pat and Matt. She spends her days dreaming of turning the bakery into a cozy caf that will be the heart of the village and finds herself unexpectedly drawn to gruff Andrew and his kind, reliable nature. But when some unexpected visitors arrive in Babblebrook, Marnie is confronted with a choice: stick to what she knows and the person she's always been or start putting herself first. Marnie has spent her whole life taking care of everyone else. Is she ready to fight for her caf dream and admit that all she wants for Christmas is Andrew? A gorgeous, cozy winter romance to lose yourself in this Christmas. Perfect for fans
