of his father's travel journals catapulted him on a journey of a lifetime Alone William traveled through Scotland in a camper van following his father's footsteps in a quest to discover his father's true identity and how it shaped both his father's life and his own Haunted by the ghost of his father William interweaves excerpts of his father's journals with family history and his own past in a journey of faith that he must take alone trusting in God to guide him in his solitary quest for self discovery and the true meaning of family Samvit ,2003 The Ring of the Niblung Richard Wagner, **Synaesthesia and the Ancient Senses** Shane Butler,Alex Purves,2014-09-03 Like us the ancient Greeks and Romans came to know and understand the world through their senses Yet sensory experience has rarely been considered in the study of antiquity and when the senses are examined sight is regularly privileged Synaesthesia and the Ancient Senses presents a radical reappraisal of antiquity's textures flavours and aromas sounds and sights It offers both a fresh look at society in the ancient world and an opportunity to deepen the reading of classical literature The book will appeal to readers in classical society and literature philosophy and cultural history All Greek and Latin is translated and technical matters are explained for the non specialist The introduction sets the ancient senses within the history of aesthetics and the subsequent essays explores the senses throughout the classical period and on to the modern reception of classical literature *Christian Work* ,1895
