Alasdair J. Marshall

Tory Seer The Selected Journal:

Vilfredo Pareto's Sociology Alasdair J. Marshall, 2016-02-24 Vilfredo Pareto is a key figure in the history of economics and sociology His sociological works attempted to merge these two disciplines through a psychologistic analysis of society economy and politics This is the first book to rethink Pareto s contribution to classical sociology by focusing upon its psychological underpinning The author locates the origins of Pareto s psychologistic approach both within the history of Italian thought and within Pareto s own experiences of business and politics He evaluates Pareto s sociology through the lens of contemporary social science examining whether its explanatory power is growing rather than diminishing as levels of social and epistemological complexity rise The volume also explores Pareto s assumptions about personality through the lens of contemporary psychology It concludes with a psychometric study of Westminster MPs which clarifies and attests to Pareto s contemporary relevance and indicates that even practitioners of politics may gain much from reading Pareto

Africa's Radicalisms and Conservatisms ,2021-01-11 With Africa as its point of reference and departure this volume examines why and how the two concepts radicalisms and conservatisms should not be taken as mere binaries around which to organize knowledge It demonstrates that these concepts have multiple and diverse meanings as perceived and understood from different disciplinary vantage points hence the deliberate pluralization of the terms The essays show what happens when one juxtaposes the two concepts and how they are easily intertwined when different peoples lived experiences of poverty political and social alienation education intolerance youth activism social in justice violence etc across the length and breadth of Africa are brought to bear on our understandings of these two particularisms Contributors are Adekunle Victor Owoyomi Adeshina Francis Akindutire Adewale O Owoseni Bright Nkrumah Clement Chipenda Ebenezer Babajide Ishola Edwin Etieyibo Israel Oberedjemurho Ugoma Jonah Uyieh Jonathan O Chimakonam Madina Tlostanova Maduka Enyimba Muchaparara Musemwa Odirin Omiegbe Obvious Katsaura Olufunke Olufunsho Adegoke Peter Kwaja Philip Akporduado Edema Tafadzwa Chevo and Temitope Owolabi

Conservative thinkers Mark Garnett, Kevin Hickson, 2013-07-19 This book outlines and evaluates the political thought of the Conservative Party through a detailed examination of its principal thinkers from Harold Macmillan to the present Traditionally the Conservative Party has been regarded as a vote gathering machine rather than a vehicle for ideas This book redresses the balance through a series of biographical essays examining the thought of those who have contributed most to the development of ideas within the party The chapters benefit from archival research and interviews with leading Conservatives The recent revival of Conservative fortunes makes the book particularly timely The book begins with an introductory chapter explaining the role of ideology in the Conservative Party It then traces the political thought of the Conservative Party through its principal theorists since the 1930s These are Harold Macmillan R A Butler Quintin Hogg Enoch Powell Angus Maude Keith Joseph the traditionalists Maurice Cowling T E Peter Utley Peregrine Worsthorpe Shirley Letwin and Roger Scruton Ian Gilmour John Redwood and David Willetts The book concludes with an overall assessment of the political thought of the Conservative Party and the relevance of past debates for contemporary Conservatism The book will be of considerable interest to academics and non academics alike for those who have a special interest in the
