## **Western Writing:**

*Unsettling the Literary West* Nathaniel Lewis, 2003-01-01 The test of western literature has invariably been Is it real Is it accurate Authentic The result is a standard anything but literary as Nathaniel Lewis observes in this ambitious work a wholesale rethinking of the critical terms and contexts and thus of the very nature of western writing Why is western writing virtually missing from the American literary canon but a frequent success in the marketplace The skewed status of western literature Lewis contends can be directly attributed to the strategies of the region's writers and these strategies depend consistently on the claim of authenticity A perusal of western American authorship reveals how these writers effectively present themselves as accurate and reliable recorders of real places histories and cultures but not as stylists or inventors The imaginative qualities of this literature are thus obscured in the name of authentic reproduction Through a study of a set of western authors and their relationships to literary and cultural history Lewis offers a reconsideration of the deceptive and often undervalued history of western American literature With unequivocal admiration for the literature under scrutiny Lewis exposes the potential for startling new readings once western writing is freed from its insistence on a questionable authenticity His book sets out a broader system of inquiry that points writers and critics of western literature in the direction of a new and truly sustaining literary tradition

*True West* William R. Handley, Nathaniel Lewis, 2004-01-01 In no other region of the United States has the notion of authenticity played such an important yet elusive role as it has in the West Though pervasive in literature popular culture and history assumptions about western authenticity have not received adequate critical attention Given the ongoing economic and social transformations in this vast region the persistent nostalgia and desire for the real authentic West suggest regional and national identities at odds with themselves True West explores the concept of authenticity as it is used to invent test advertise and read the West The fifteen essays collected here apply contemporary critical and cultural theory to western literary history Native American literature and identities the visual West and the imagining of place Ranging geographically from the Canadian Prairies to Buena Park's Entertainment Corridor in Southern California and chronologically from early tourist narratives to contemporary environmental writing True West challenges many assumptions we make about western writing and opens the door to an important new chapter in western literary history and cultural criticism

*The Oxford Encyclopedia of American Literature* Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer's current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and

offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study

**Why Are Our Pictures Puzzles?** James Elkins,2004-11-23 With bracing clarity James Elkins explores why images are taken to be more intricate and hard to describe in the twentieth century than they had been in any previous century Why Are Our Pictures Puzzles uses three models to understand the kinds of complex meaning that pictures are thought to possess the affinity between the meanings of paintings and jigsaw puzzles the contemporary interest in ambiguity and levels of meaning and the penchant many have to interpret pictures by finding images hidden within them Elkins explores a wide variety of examples from the figures hidden in Renaissance paintings to Salvador Dali s paranoiac meditations on Millet s Angelus from Persian miniature paintings to jigsaw puzzles He also examines some of the most vexed works in history including Watteau s meaningless paintings Michelangelo s Sistine Ceiling and Leonardo s Last Supper

*Western American Literature* ,1998 **2004 Novel and Short Story Writer's Market** Anne Bowling,Michael Schweer,Vanessa Lyman,2003 Lists addresses and information on contacts pay rates and submission requirements and includes essays on the craft of writing Noble-Western Civilization Thomas F. X. Noble,2005 Western Civilization leads the market as the first western civilization text to include a separate chapter on Late Antiquity and the first to use the new political history the effect of power and politics on all members of society at the center of its narrative Recognizing that European history was affected by factors outside the continent this text looks at Europe by examining its place in the world With an emphasis on the experimental nature of political and social history the text challenges students to explore why and how history unfolded as it did
