## Ukraine Map:

XVII & XVIII Century Maps of Ukraine, 1985      Mapping impacted soils of war-affected farmers in Kharkiv Oblast Food and Agriculture Organization of the United Nations, Senel, G.; Dadhich, G.; Ostapenko, P.; Bonchkovskiy, O.; Shvaiko, V.; Ostapenko, S.; Lucas, T.A.; Amaya Ortiz, L.; Henry, M., The war in Ukraine has disrupted agriculture and food security in Kharkiv Oblast Since February 2022 military operations have caused extensive soil disturbance contamination and alterations to the landscape A geospatial impact assessment was carried out using very high resolution satellite imagery and field observations to evaluate the effects on agricultural land The assessment covered 11 349 square kilometres 37 percent of the region excluding a 40 kilometre buffer from the frontline A total of 420 615 craters were mapped with an average density of 66 craters per square kilometre The highest densities were observed in the Oskilska Iziumska and Chkalovska communities An estimated 4 213 hectares of cultivated land were directly affected by physical soil disturbances while 28 268 hectares were potentially contaminated by munitions The volume of displaced soil was calculated at 376 310 cubic metres The findings underscore the urgent need for targeted demining soil restoration and support for smallholder farmers They also demonstrate the value of using satellite imagery combined with ground data to identify priority areas for recovery Focused efforts in the most heavily impacted zones are essential to restore agricultural productivity and strengthen food security      *"Ukrainian Lands" Maps in the University of Alberta Map Collection* Paul T. **Market Study of Ukraine's Electricity Sector** OECD, 2023-06-30 This market study analyses Ukraine's electricity sector from a competition perspective It provides a detailed description and assessment of the regulatory framework within which the Ukrainian electricity markets operate as well as an analysis of the obstacles to competition in the wholesale and retail markets      Contemporary Ukraine on the Cultural Map of Europe Larysa M. L. Zales'ka Onyshkevych, Marii Revakovich, 2009 The concept of a return to Europe has been integral to the movement for Ukrainian national rebirth since the nineteenth century While the goal of a more fully reformed politics remains elusive numerous expressions of Ukrainian culture continue to develop in the European spirit This wide ranging book explores Ukraine's European cultural connection especially as it has been reestablished since the country achieved independence in 1991 The contributors discuss many aspects of Ukraine's contemporary culture history politics and religion in Part I literary culture in Part II and language popular culture and the arts in Part III What emerges is a fascinating picture of a young country grappling with its divided past and its colonial heritage yet asserting its voice and preferences amid the diverse and at times conflicting realities of the contemporary political scene Europe becomes a powerful point of reference a measure against which the situation in post independence Ukraine is gauged and debated This framework allows for a better understanding of the complexities deeply ingrained in the social fabric of Ukrainian society      **Ukraine: a Concise Encyclopaedia** Naukove tovarystvo imeni Shevchenka, 1963      *Congressional Record* United States.
