The Space Born:

The Space-born E. C. Tubb, 1976 *The Emerald Tablets of Thoth, the Atlantean Codex* Learn Alchemical, 2025-10-06
Across the sands of ancient Egypt one name endures as the voice of divine intellect Thoth the ibis headed god of wisdom writing and cosmic order The Emerald Tablets of Thoth is a profound exploration of this immortal figure and the timeless teachings attributed to him the keeper of maat the architect of knowledge and the messenger between gods and men Drawing from the sacred texts of Hermopolis the lunar mysteries and the later Hermetic traditions of Alexandria this book traces the evolution of Thoth from Egyptian deity to Hermes Trismegistus the Thrice Great philosopher of the ages Step inside the mysteries of heka Egyptian magic as the science of divine law and witness how Thoth's sacred language the medu neter shaped reality itself From his celestial role as the measurer of time to his authorship of the fabled Emerald Tablets the text unveils how Thoth's wisdom became the philosophical and spiritual foundation of later alchemy Gnosticism and the Hermetic arts Each chapter reveals how ancient scribes priests and mystics preserved his teachings translating his lunar balance and cosmic mathematics into enduring symbols of enlightenment Blending mythology philosophy and esoteric tradition The Emerald Tablets of Thoth invites readers to rediscover the god who became an idea the mind of the universe contemplating itself This is not merely a study of an ancient text but a journey into the very nature of consciousness immortality and the eternal word For those who seek the source of wisdom that bridges Egypt Greece and the stars this book is both a revelation and a remembrance a key to the cosmic language Thoth inscribed upon the fabric of creation
