Bibliographic Guide to Business and Economics New York Public Library. Research Libraries,1976 *Policy guide to improve water productivity in small-scale agriculture* Food and Agriculture Organization of the United Nations,2020-05-01 In developing countries further progress of irrigation is essential for increasing food security and farmers income However developing small scale schemes remains a challenge due to multiple factors that must be taken into consideration such as diversity of small scale schemes a large number of water users social disharmony over the water use varying water demands of multi cropping systems heterogeneity of equipment over the scheme Furthermore on farm irrigation development has a major role in enhancing Agricultural Water Management AWM The previous development methods considered the improvement of single factor productivity but agriculture is undergoing a global shift from the single objective of outputs such as yield or net income to multiple objectives of increasing outputs while conserving natural resources Many pathways towards enhancement of Water Productivity WP are directly related to improving overall farm agronomic management

irrigation fertilization plant density plant protection etc while external measures must be applied to ensure sustainability of introduced good practices lack of input markets scarce knowledge poor infrastructures water regulations etc Thus introducing irrigation practices to farmers must undergo a step wise process to ensure that costs do not outweigh achievable benefits and both institutional and technical environment are capable to sustain results This is the case in smallholders schemes where farmers are poorly resourced In order to address these issues the current policy guide presents a combined methodology which involves practical experiences drawn from FAO work in the three countries as well as researchers results to line up a set of feasible measures to improving WP

The New Walford Guide to Reference Resources Ray Lester,2005

The New Walford highlights the best resources to use when undertaking a search for accurate and relevant information saving you precious time and effort For those looking for a selective and evaluative reference resource that really delivers on its promise look no further In addition to print sources The New Walford naturally covers an extensive range of e reference sources such as digital databanks digital reference services electronic journal collections meta search engines networked information services open archives resource discovery services and websites of premier organizations in both the public and private sectors But rather than supplying a list of all available known resources as a web search engine might The New Walford subject specialists have carefully selected and evaluated available resources to provide a definitive list of the most appropriate and useful With an emphasis on quality and sustainability the subject specialists have been careful to assess the differing ways that information is framed and communicated in different subject areas As a result the resource evaluations in each subject area are prefaced by an introductory overview of the structure of the relevant literature This ensures that The New Walford is clear easy to use and intuitive Publisher
