Parker,1839 *Hints on the Lord's Supper: and Thoughts for the Lord's Table, original and selected* John BROWN (D.D., of Edinburgh.),1850 The Lord's Supper Charles Hebert,1879 **The Lord's Supper** Thomas Lupich,2013-03 Thomas Lupich is the Preceptor of the International Society of Seekers of the Truth a retired electrical designer from Princeton University s Plasma Physics Laboratory and a taiji instructor with an interest in science and health His major interest is Biblical Truth He therefore considers himself a Truth Seeker an avocation that he recommends to all men Jesus commanded his disciples to become Seekers of the Truth and Thomas Lupich took Him at His Word Solomon had this to say It is the glory of God to conceal a thing but the honor of kings is to search out a matter Thomas has written The Lord s Supper Mingle With the Best to expound on the meaning and the blessings of the Eucharist The Lord s Supper has various important layers of meaning but much more importantly it tells us how we can be transmuted into beings much like Him The hope of the author is to share with his readers the Eucharist s Light and its ability to transmute lives in the following way Those that truly partake of the Lord s Supper will be mingling with the Best i e The Father and The Son The mingling will cause much of the Best to rub off on them What rubs off will make them grow and glow not only in this present age but also in the eons to come

Baptist Chapel, St. Mary's, Norwich ,1860 *Scriptural and Primitive Time for the Celebration of the Holy Communion* ,1898 **Catalogue of the Library of the Boston Athenæum** Boston Athenaeum,1878 Dogmatics III Emil Brunner,2025-04-24 One of the great twentieth century works of theology Emil Brunner s Dogmatics series presents a profoundly biblical systematic theology Finding a path between Barth and Bultmann Brunner explores key doctrines such as the doctrine of God creation and redemption and the doctrine of the church and of faith These foundational texts from a leading theologian of the 20th century are crucial for scholars and students illuminating how modern Protestant theology was formed in the last century The first volume serves as an introduction to Brunner s view of dogmatics setting out the nature position and necessity of dogmatics before exploring the many facets of the doctrine of God In detailed vigorous explanation Brunner considers the nature and will of God including his name his holiness his wisdom and his glory Thorough insightful and extensive this first volume is an illuminating beginning to this series The second volume explores the fundamental concepts of the protestant doctrine from creation and the creator to man s position within creation sin and its consequences and the saving work of Jesus Brunner explores all of the possibilities of these fundamentals and his detailed thoughtful

arguments are designed as he says to set us free to have a faith which is based on nothing save the Love of God revealed in Jesus Christ The third and final volume focusses on the theology of the Church as a reflection of God s self revelation through the Holy Spirit and an eternal consummation of Divine self communication Drawing together the understanding gleaned in the previous two volumes Brunner addresses the nature of the church and faith to bring his systematic biblical theology into the experiences of his readers

Religion and the Rise of History Leonard S. Smith,2009-04-01 As a historical inquiry and synthesis this intellectual history is the first study to apply the ideal type or model building methodology of Otto Hintze 1861-1940 to Western historical thought or to what R G Collingwood called The Idea of History for it contains succinct and useful models for seeing and teaching classical Christian and modern professional historiography Religion and the Rise of History is also the first work to suggest that in addition to his well known paradoxical simul and or at the same time way of thinking and viewing life Martin Luther also held to a way that was deeply incarnational dynamic and or in with and under This dual vision and a Lutheran ethos strongly influenced Leibniz Hamann and Herder and was therefore a matter of considerable significance for the rise of a distinctly modern form of historical consciousness commonly called historicism in Protestant Germany Smith s essay suggests a new time period for the formative age of modern German thought culture and education The Cultural Revolution in Germany This age began in the early 1760s and culminated in 1810 with the founding of the University of Berlin the first fully modern and modernizing university This university first became the recognized center for the study of history however through the work of Leopold von Ranke 1795-1886 Here the story shows how a young Ranke derived his individualizing way of thinking and viewing life mainly from Luther how his life work is the best example in Western literature of the rise of history from a calling to a profession and how the three way discussion between Troeltsch Meinecke and Hintze concerning the nature of modern historical thought was of central importance for the reorientation of Western social historical thought in the twentieth century
