Sustaining High Performance

Philip M. Nowlen

Sustaining High Performance:

SUSTAINING High Performance Stephen Haines, 2022-05-29 In an attempt to achieve high levels of growth profit and competitive advantage American businesses have been implementing a variety of management initiatives such as TQM reengineering service management self directed work teams and empowerment Too often these initiatives when implemented individually fail or provide only short term results American industry is now realizing that no single initiative can provide an overall long term solution A more comprehensive integrated approach is necessary to sustain future success Sustaining High Performance shows you how to develop and implement an integrative systems thinking strategy that will ensure a successful long term management plan Sustaining High Performance will help you reinvent your strategic management system planning and change for the 21st century and give you the tools and information to pull ahead of the competition and become a powerhouse organization

Sustaining High Performance in Business Jeffrey S.

Harrison, 2025-04-15 This book provides a concise yet complete guide for strategic management Managers face a difficult challenge in successfully guiding their firms so that they sustain high financial performance while also being sensitive to the environment taking good care of their employees and customers being fair with their suppliers and giving back to the communities in which operate While many books have been written that focus on one business topic or another as the key to achieving sustainable success in business it is the efficiency and effectiveness of a firm s entire value creating system that determines its long term performance In this book systems theory is used as an integrative mechanism to combine the best ideas about sustaining high performance from the fields of economics the resource based perspective and stakeholder theory Tools are provided for conducting in depth detailed analyses of each part of a firm s value creation system and its contribution to the total stakeholder value created by the firm The book then describes how to use this information to create winning strategies that lead to the creation of additional stakeholder value and high long term financial performance In addition detailed implementation tools are provided to ensure that strategies are carried out successfully This book provides a concise yet complete guide for strategic management
