The Wonder Of The Miracles:

The Wonder of the Miracles Robin Langley Sommer,1998 Miracles and Wonders Michael E. Goodich,2017-03-02
Beginning in the late twelfth century scholastic theologians such as William of Auvergne Thomas Aquinas and Engelbert of Admont attempted to provide a rational foundation to the Christian belief in miracles bolstered by the Aristotelian theory of natural law Similarly in this period a tension appeared to exist in the recording of miracles between the desire to exalt the Faith and the need to guarantee believability in the face of opposition from heretics Jews and other sceptics As miracles became an increasingly standard part of evidence leading to canonization the canon lawyers notaries and theologians charged with determining the authenticity of miracles were eventually issued with a list of questions to which witnesses to the event were asked to respond a virtual template against which any miracle could be measured Michael Goodich explores this changing perception of the miracle in medieval Western society He employs a wealth of primary sources including canonization dossiers and contemporary hagiographical Vitae and miracle collections philosophical theological treatises sermons and canon law and ancillary sources dealing with the procedure of canonization He compares and contrasts popular and learned understanding of the miraculous and explores the relationship between reason and revelation in the medieval understanding of miracles The desire to provide a more rational foundation to the Christian belief in miracles is linked to the rise of heresy and other forms of disbelief and finally the application of the rules of evidence in the examination of miracles in the central Middle Ages is scrutinized This absorbing book will appeal to scholars working in the fields of medieval history religious and ecclesiastical history canon law and all those with an interest in hagiography Notes on the Miracles of Our Lord Richard Chenevix Trench,1871 The visible hand of God; or The miracles, signs, and wonders which have occurred in the past dealings of God with the nation of Israel Robert Roberts,1884 **The Miracles of Our Lord in Relation to Modern Criticism** Franz Ludwig Steinmeyer,Leonard Abercrombie Wheatley,1875 **On Miracles and Modern Spiritualism** Alfred Russel Wallace,1875 Lessons on the miracles and parables of our Lord John Watson,1882

The Student's Scripture History William Smith,1872 *The Miracle* Michael Gurian,2003-05-22 From bestselling author Michael Gurian comes a spiritual thriller that will change the way you look at the world forever The car crash that killed Jeffrey a child of prophecy was a dreadful tragedy But for the twelve witnesses to this terrible moment it was an incident that set off a string of spiritual awakenings and inexplicable miracles that would forever transform their lives For Beth Carey and the others including a serial murderer who calls himself the Light Killer the events of that late summer evening pulled back the veil that separates life and death Though all witnessed the same doorway of light open over the dying boy s body only Beth will discover the invisible world that binds all human life together As she evolves into the new human forecast centuries ago by St Teresa of Avila and as the Light Killer confronts inner storms of human evil forty eight hours of miracles reveal the poignant faces of human vulnerability and the hidden face of God Vivid often breathtaking *The Miracle* is part old fashioned mystery part new age revelation A fascinating and dramatic look at the subtle links between all life it offers an answer to the greatest mystery of them all *Systematic Theology* Strong,1886 The Homiletic Review ,1888 A Dictionary of the Bible John Mee Fuller,1893
