

THE FOX AND THE GOAT

A Fox fell into a well, and though it was not very deep, he found that he could not get out again.

After he had been in the well a long time, a thirsty Goat came by.

The Goat thought the Fox had gone down to drink, and so he asked if the water was good. "The finest in the whole country," said the crafty Fox, "jump in and try it. There is more than enough for both of us."

The thirsty Goat immediately jumped in and began to drink. The Fox just as quickly jumped on the Goat's back and leaped from the tip of the Goat's horns out of the well.

The foolish Goat now saw what a plight he had got into, and begged the Fox to help him out. But the Fox was already on his way to the woods.

"If you had as much sense as you have beard, old fellow," he said as he ran, "you would have been more cautious about finding a way to get out again before you jumped in."

Two Fables Roald Dahl, 1986 Twee sprookjes over een beeldschone prinses en haar vader de oude koning Ancient Fables and Literary Genres Ursula Gärtner, Lukas Spielhofer, 2025-12-04 Ancient fables have come down to us in many forms They were published as fable collections both in prose and verse or embedded in literary works of other genres The contributions to this volume shed light on the interaction between fables and these literary genres and give an overview of fables from early Greek to medieval literature They seek to ask what role fables play in individual genres and which genres in turn find an echo in fables In the case of fables embedded in other genres the contributions ask as to which fables are chosen for which theme or genre and how they relate to it how fables are adapted in other texts how these embeddings are marked at a textual level and what purpose they serve In the case of other genres influencing fable collections the volume illustrates how fables deal with the question of genre more generally but also with specific works or authors how they approximate and at the same time distinguish themselves from these influences what the aim of this approximation might be and through which means references to genres are made The 21 contributions by internationally renowned fable scholars provide for the first time an overview of the interaction of fables and other genres The Academy, 1894 *The Strategic Teacher* Harvey F.
