The Case For Modern Man:

The case for modern man ,1959 **The Case for Modern Man** Charles Frankel,1955 **The Case for Modern Man** Charles Frankel,1964 *The Primitive Mind and Modern Man* John Alan Cohan,2010 This book is in the field of trans cultural psychology and is intended for college courses in anthropology and psychology and general readership the book focuses on intriguing facts about primitive cultures around the world and provides insights into living traditions and different world views a principal theme of the book is that we can gain a better understanding of ourselves by a detour to other cultures the book shows how modern ways of thinking are parallel to those of primitive cultures and engages readers to become more aware of who they are As shown throughout the book there is not after all a very wide gulf between primitive and modern cultures the book covers many topics including animism shamanism totemism hunting and cultivation rituals altered states of consciousness envy and the evil eye how people deal with conflicts potlatches cargo cults how people satisfy the need for social approval culture bound syndromes folk medicine treatment of women raising of children nomadic peoples treatment of the dead and other topics *The Case for Modern Man* Charles Frankel,1968 **The Case for Modern Man** Charles Frankel,1959 *The Essential Works of Helena Blavatsky* Helena Blavatsky,2019-06-03 Musaicum Books presents to you a meticulously edited Helena Blavatsky collection This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices The works of Helena Blavatsky will reveal you the secrets Theosophy and its mystical teachings The nature is not a fortuitous concurrence of atoms and will assign to man his rightful place in the scheme of the Universe Content Isis Unveiled The Secret Doctrine The Key to Theosophy The Voice of the Silence Studies in Occultism From the Caves and Jungles of Hindostan Nightmare Tales **Myth and Metaphysics** W.A. Luijpen,2012-12-06 This book is an attempt to interpret man s religious existence an inter pretation for which some of the groundwork was laid by the author s book PHENOMENOLOGY AND ATHEISM Duquesne University Press 2nd impression 1965 That work explored the denial of God by the leading atheists and came to terms with the most typical forms assumed by their denials Nevertheless I am not an adherent of atheism The reason why it is possible to agree with many atheists without becoming one of them is that man can misunderstand his own religiousness or lapse into an inauthentic form of being a believer What many atheists unmask is one or the other form of pseudo religiousness which should be unmasked On the other hand I have also constantly refused to identify religiousness with such inauthentic forms and to define it in terms of those forms just as I refuse to identify the appendix with appendicitis the heart with an infarct the psyche as a disturbance and marriage as a fight The book offered here has been written since the rise of the radical God is dead theology This theology without God has often been presented as the only form of theological thought still suitable for modern man As the reader will notice I reject the brash facility with which some modern men measure the relevance of anything by its modernity **the Making of Modern Man** Louis L. Snyder ,1967 **Adam, Apes and Anthropology** Glenn R. Morton,2017-12-31 Glenn Morton used to be a

young earth creationist but the facts changed his views In this his second book Morton shows that mainstream science does not contradict a literal reading of the inerrant word of God The author provides proof that God created Adam and Eve about 5 5 million years B C Please note that for formatting purposes there is an intentionally blank page between pages 5 and 6 of the main text Spiritual Perspectives and Human Facts Frithjof Schuon,2007-06-26 This new edition of Frithjof Schuon s Spiritual Perspectives and Human Facts is a fully revised translation of the French edition and has an extensive Appendix containing previously unpublished letters and other private writings On Being Human Erich Fromm,1997-03-01 Any attempt to identify the thread that runs through the late Erich Fromm s writings will soon uncover an unequivocally humanistic world view From the 1930s on this was Fromm s guiding principle It signified Fromm s break with the Frankfurt School Marcuse Adorno and Horkheimer This posthumous volume includes writings from one of Fromm s most fertile periods the 1960s These writings concentrate on humanistic science socialism religion and psychoanalysis They are from lectures works written for specific occasions and manuscripts intended as books Of particular interest is an extended essay on two very different thinkers Meister Eckhart and Karl Marx **Philosophy, Religious Studies, and Myth** Robert A. Segal,2014-07-16 Much of the theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality **International Journal of Orthodontia** ,1915 **The hansei-zasshi** ,1898 *The New Method in Certain Chronic Diseases and Other Cases* William E.
