discovered in the sanctuaries of Chaldea India Phoenicia Egypt and Central Asia The Aryan Chaldeo Tibetan Wisdom Religion and the trans Himalayan Esoteric Doctrine are one and the same The Chaldeans were a hieratic caste of Hindu Brahmans now called Aryans their vernacular language was the Sanskrit of the Vedas they instructed the Babylonians in the Mysteries and taught them the sacerdotal or Mystery language which even today is used by Hindu fakirs and initiated Brahmans in their magical evocations The population of Ur of the Chaldeans where Magism flourished before the days of Abraham is related with those of Central and North America The cauldron of Christian Trinity has always been North East of the Indus River where the Chaldeans worshipped the trinity of Deus Lunus manifesting in three phases and completing the quaternary with the fourth And since Babylonia was situated on the way of the great stream of the Hindu emigration its peoples were the first to benefit The Chald an Moon Worship however is likely to mislead the profane student who fails to grasp the esoteric dimensions of archaic symbols The pioneers of humanity s Fifth Root Race the Aryan came out of Central Asia The so called Akkadians were no more a Turanian race than any of the modern British people are the mythical ten tribes of Israel so conspicuously present in the Bible and yet absent from history Belonging virtually through their original connection with the Aryan Central Asian stock the old Aeolians were Atlanteans not only in virtue of their long residence in the now submerged continent but also by intermarriage with them The classification of ancient nations into Akkadians Turanians Semites etc is at best arbitrary The word Chaldean does not refer merely to a native or an inhabitant of Chaldea but to Chaldeism itself the oldest science of Astrology and Occultism The Zoroastrians are the true heirs to Chaldean wisdom the light which shineth in darkness though modern darkness comprehended it not though today s Parsis know nothing of it now The Aryan and Arhat doctrines agree perfectly in substance The secret doctrine of the Jewish Kabbalists is merely a late offshoot of these suggests Subba Row As the Vedas came from the Manasarovara Lake in Tibet and the Brahmans from the far North the trans Himalayan esoteric doctrine is Aryan Chaldeo Tibetan Universal Wisdom Religion confirms Blavatsky The country called Si dzang by the Chinese and Tibet by Western geographers is mentioned in the oldest books preserved in the province of Fokien as the great seat of occult learning in archaic ages Emperor Yu the Great established a system of theocracy the first one in China to unite ecclesiastical power with temporal authority from Si dzang That system was the same as that of the old Egyptians and Chaldees has existed in the Br hmanical period in India and exists now in Tibet Nebu is an abstract quality personified It is man s seventh and highest principle and the synthetic attribute of Seven Chaldean Gods the Planetary Spirits By the powers of goodness in man and nature the Chaldean Magi performed the most wonderful miracles Unlike the Roman Catholics who invented a Devil endowed with a power equalling that of the Supreme Deity and who allegedly transforms himself into wolves snakes and dogs to satisfy his lust and procreate monsters Chaldean Magic was based upon a profound knowledge of the powers of simples and minerals It was only when the Theurgist needed divine help in spiritual and earthly matters that he sought direct communication with pure spiritual beings To dare to know to will and to remain silent were

their constant rules to be beneficent unselfish and unpretending were some of their spontaneous impulses All the discoveries of modern Astronomy were contained within the secret observatories and Initiation Halls of the temples of old India and Egypt It is in them that the Chaldean made his calculations revealing to the world of the profane no more than it was fit to receive Cyprian of Antioch a penitent sorcerer had studied in Chaldea the true power of the air saw the planets as dissimilar as the plants on earth understood that stars that were like armies ranged in battle order and learnt the Chaldean division of Ether into 365 parts The Kabbalah of the Jews is but the distorted echo of the Secret Doctrine of the Chaldeans The Mysteries of the Jews are identical with those of the Pagan Greeks who took them from the Egyptians who borrowed them from the Chaldeans who got them from the Aryans from the Atlanteans and so on far beyond the misty days of the Fourth Race The Greeks learned Occult Cosmology from the Egyptians and the latter from the Chaldeans who had been the pupils of Brahmans of the Esoteric School A small tribe of presumably Egyptian runaway slaves obtained their primitive ideas about creation from Moses who compiled their Genesis and first cosmogonic traditions from the Chaldeo Akkadian account Their Kabbalistic literature can be traced only from the time of the Captivity yet from the Pentateuch down to the Talmud the documents of that literature were always written in a kind of Mystery language a series of symbolical records which the Jews had copied from the Egyptian and the Chaldean Sanctuaries only adapting them to their own national history if history it can be called Hebrew is considered to be a very old language and yet there exists no trace of it anywhere on the old monuments not even in Chaldea The Hebrew known to the philologists does not date earlier than 500 BC and its characters belong to a far later period still The original and authentic Gospel of Matthew was written in the Chaldaic language but with Hebrew letters says Jerome The Jewish Talmudists and the Christian Fathers borrowed many occult terms such as Virtue Iao Abraxas etc from the Chaldeans In the Chaldean or Jewish Kabbalah Kosmos is divided into seven worlds Original Intelligible Celestial Elementary Lesser Astral Infernal Kama loka or Hades and Temporal of man The old Chaldeans were a Brotherhood of pre Babylonian Philosophers and Theurgists Their knowledge and teachings emerged much later in a caste of learned Kabbalists To sum up the Kabbalah of the profane Jews is but the distorted echo of the Secret Doctrine of the Chaldeans The Chaldean Book of Numbers now in the possession of some Persian Sufis is the only key to the real Kabbalah If Moses knew the primitive and universal language of the Initiates as did every Egyptian priest and was thus acquainted with the numerical system on which it was based he is most likely the author of Genesis and other scrolls When the Asmonean period began the chief supporters of Law were called Asideans or Kasdim Chaldeans and afterward Pharisees or Pharsi Parsis Following successive Assyrian and Persian colonisations the early plebeian Israelites originally Canaanites and Phoenicians were modified to Asideans and Pharisees and then to asserters of sacerdotal rule Sadducees as contradistinguished from rabbinical The Pharisees were lenient and intellectual the Sadducees bigoted and cruel With two Appendices on The Testimony of Theodas and Searching for the Lost Word
