inherently male From Medusa to Philomela whose tongue was cut out from Hillary Clinton to Elizabeth Warren who was told to sit down Beard draws illuminating parallels between our cultural assumptions about women s relationship to power and how powerful women provide a necessary example for all women who must resist being vacuumed into a male template With personal reflections on her own online experiences with sexism Beard asks If women aren t perceived to be within the structure of power isn t it power itself we need to redefine And how many more centuries should we be expected to wait
