The Alpha's Breeder Tay T., 2020-01-29

Meet Eros Hall, an Alpha who isn't arrogant, domineering, or egocentric and falls in love just as hard as our main character does. After being kidnapped by a group of vengeful werewolves, Emira finds herself in one hell of a situation. First, she is believed to be a powerful Breeder capable of birthing an army of werewolf warriors in a world where supernatural beings are going extinct. Second, her true soulmate is a powerful Alpha who is hell-bent on keeping her. And third, to make matters worse, she only has six moon cycles to be marked, mated, and pupped. What does that even mean? This steamy romance novel contains scenes of adult intimacy and dark situations that can be triggering.

Reviews: I have to be honest, I'm only a few chapters in, but I am enjoying this story immensely that I feel the need to share my thoughts now. First of all, this story is just a great product of the author thinking outside the box. When I first read the title, I expected it to be about a female werewolf who had to be mated to the alpha. Now I'm trying to figure out what kind of species the main character is. Second of all, I've only read the first couple chapters, and I'm already hooked. I'm on the edge of my seat, waiting impatiently to see what's going to happen. And the intensity of the kidnapping is very well detailed. As for grammar, spelling, punctuation, I see very minimal to no mistakes at all. I definitely recommend people read this book. Can't wait to read more.

Charlotte Moore: This is one of the best books I've read before. Reading this book will make you feel like you're on an emotional roller coaster. It makes you wish you were actually in the book, living with all those different people and wolves. I found myself getting attached to all the characters. The storyline is amazing, and I love that this book is unique. You will never find a book with a similar plot. Again, this is a good book.

Davina Nkasa: This book is by far one of my favorites. Savannah Burge: An amazing story, captivated from the beginning. Worth reading and falling in love with it. Sakina Naeem: What a brilliant story. I was captured from the very beginning and was pleasantly surprised that

it didn't turn out at all like I thought it would Tinkerbelle Leonhardt Too awesome LOVE this story soooooo much and I can't get enough of it I would recommend this story to anyone who likes to read about werewolves soul mates and romance Love you Tay Tay for writing this awesome story Victoria Aye Interesting and addictive I just couldn't stop reading it Angel Agams It's hard to find werewolf stories with a well-written plot There was a background to characters and each scene gave enough description to understand what's going on This is on my list of good werewolf books to read I hope you write a sequel Rachel Pittman In the beginning I was disgusted by the idea of a breeder and all that crap more specifically how who finds her first owns her But I quickly started to realize that the plot line could be amazing if written by the right author and that's exactly what happened here I'm usually not a fan of these kinds of werewolf stories where the mate doesn't have a say But in this story she does and she is in a loving and protected relationship If you like werewolf stories you will adore this book Alice This book is a MUST read It's sooo good It has a unique plot line that is not your everyday cliché werewolf novel The main character Emira is so funny and relatable And don't even get me started on Eros He's hot period It's different and I HIGHLY recommend it Kari
