Insights on the Business Climate in Uzbekistan OECD, 2023-05-17 Addressing barriers to private sector development has been a long standing ambition of the government of Uzbekistan with an extensive programme of reforms that began in 2017 redoubling efforts to foster the growth of a more competitive and productive population of private sector firms Uzbekistan needs a more dynamic and innovative private sector if it is to meet the challenges and seize the opportunities of the green and digital transitions which create a new impetus for accelerating these reforms

Consumer Experience and Decision-Making in the Metaverse Tarnanidis, Theodore, 2024-06-24 Traditional marketing approaches must be more effective in a digital world where consumers seek more immersive and personalized experiences Businesses need to help to engage with their target audience and to understand their evolving needs and preferences This disconnect hinders their ability to create impactful marketing strategies that resonate with consumers and drive meaningful interactions Consumer Experience and Decision Making in the Metaverse offers a solution by exploring how the metaverse transforms consumer behavior and marketing practices The book provides insights into immersive consumer experiences virtual brand presence data driven personalization and more through a collection of research It equips readers with the knowledge and strategies to adapt to this new digital landscape and engage with consumers in innovative ways

Food Security in the Economy of the Future Elena G. Popkova, Bruno S. Sergi, 2023-03-25 This book explores issues of agricultural development and the provision of food security providing a core framework and recommendations for implementing sustainable development goals in these areas Focused on the period up to 2030 to match the timeline of the SDGs the book surveys the current landscape and the

prospects for agricultural development demonstrating how Agriculture 4.0 based on AI and deep learning must follow from digitalization as the next step to ensuring food security. It brings together research based on analytical and statistical data including the IMD World Digital Competitiveness Report and the Food Security Report from the Economist Intelligence Unit and reliable mathematical tools including correlation and regression analysis, forecasting with histogramming, probability estimates and the simplex method as well as Game Theory methodology and the hierarchical procedure method of Thomas Lorie Saaty to forecast international scenarios for food security in the future economy. Containing theoretical and practical insights, the book will be of interest to those studying agricultural economics, the digital economy and concepts of Agriculture 4.0 and Industry 4.0. [Costa Rica](#) International Monetary Fund. Western Hemisphere Dept., 2024-06-14. Recent developments and outlook: Growth accelerated to 5.1 percent in 2023 and is projected to remain robust at 4 percent in 2024. Inflation year on year has stayed negative since mid 2023, triggering Board Consultation under the Monetary Policy Consultation Clause. However, as base effects drop out of the year on year calculation, headline inflation is expected to return to the central bank's tolerance band of 2.4 percent by late 2024. Formal employment, private sector wages and poverty are all moving in the right direction. [Costa Rica](#) International Monetary Fund, International Monetary Fund. Western Hemisphere Dept., 2023-06-27. Recent developments: Growth has been resilient despite global headwinds and inflation is on a strong downward trend. The easing of external pressures has allowed the authorities to rebuild reserves while the ongoing fiscal consolidation has strengthened debt sustainability and contributed to upgraded sovereign ratings. *Business Survival Guide 2026*.
