*The Motifs of Utopia and Dystopia in Aldous Huxley's "Brave New World"* Doris Dier, 2012-10-09 Seminar paper from the year 2012 in the subject Didactics for the subject English Literature Works grade 1 University of Vienna course Science Fiction The Classics language English abstract One of the many features of science fiction is the creation of alternative worlds and societies The utopia motif has been a very creative one in doing so constantly inspiring authors to pursue the goal of imagining a perfect world The motif is also productive in a sense of redevelopment since it serves to lay out the points of criticism that occur when looking at the real world at times These approaches have resulted in the formation of new motifs such as dystopia Aldous Huxley s *Brave New World* is an ambiguous masterpiece that allows the reader to reveal various levels of meaning Researchers mainly suggest it to be read as a satire but it is also considered to be a key work of dystopian literature This paper points out the elements that allow us to identify *Brave New World* as both a utopian and dystopian narrative It concentrates on the points of view because in my opinion they determine the motif The thesis is that depending on the viewpoint of the different characters the two worlds Huxley presents us can be either interpreted as a utopia or dystopia The paper aims to introduce the major terms Utopia and Dystopia but also outline the two different worlds Huxley describes in his novel It explores whether or not the thesis is applicable and verifiable

King's An Excess Male showing how in the 20th and 21st centuries dystopian nostalgia shades into reactionary humanism a last stand mounted in defense of forms of subjectivity no longer supported by modernity Unlike most work on dystopia that emphasizes dystopia's politics this book's approach grows out of questions of poetics What are the formal structures by which dystopian character is constructed How do dystopian characters operate differently than other characters within texts and upon the reader What is the relation between this character and other forms of literary character such as are found in romantic and modernist texts By reading character as crucial to the dystopian project the book makes a case for dystopia as a sensitive register of modern anxieties about subjectivity and its portrayal in literary works

**The Nowhere Bible** Frauke Uhlenbruch,2015-03-10 The Bible contains passages that allow both scholars and believers to project their hopes and fears onto ever changing empirical realities By reading specific biblical passages as utopia and dystopia this volume raises questions about reconstructing the past the impact of wishful imagination on reality and the hermeneutic implications of dealing with utopia good place yet no place as a method and a concept in biblical studies A believer like William Bradford might approach a biblical passage as utopia by reading it as instructions for bringing about a significantly changed society in reality even at the cost of becoming an oppressor A contemporary biblical scholar might approach the same passage with the ambition of locating the historical reality behind it finding the places it describes on a map or arriving at a conclusion about the social reality experienced by a historical community of redactors These utopian goals are projected onto a utopian text This volume advocates an honest hermeneutical approach to the question of how reliably a past reality can be reconstructed from a biblical passage and it aims to provide an example of disclosing not obscuring pre suppositions brought to the text
