Unveiled Nuns Talking:

Unveiled Mary Loudon,1992 Collection of autobiographies where Mary Loudon gives nuns from varying backgrounds orders and beliefs a chance to speak openly and uninhibitedly about themselves and their lives **Unveiled** Mary

Loudon,1900 **Models of Charitable Care: Catholic Nuns and Children in their Care in Amsterdam, 1852-2002**

Annelies van Heijst,2008-06-30 Models of Charitable Care analyses the practice of Catholic nuns in Amsterdam in the 19th and 20th century Attention is paid to the ambiguous ascetic spiritual discourse that underpinned their work it encouraged charity as solidarity with strangers but caused intense emotional distance too Historiography is mainly manufactured by religious and lay academics who shared the congregational perspective and presented fairly positive evaluations Criticism from within however is voiced by care leavers who grew up in homes ran by religious Some are grateful others bitter The sisters were living models who combined an anti worldly outlook with a practical concern for vulnerable creatures Relating various theoretical interpretations a typology of three models is developed with agency as the differentiating criterion

Veiled Desires Maureen Sabine,2013-08 Veiled Desires is the first full length study of the film nun to trace the shifting features of her screen representation in twelve or more postwar films that span a sixty year period It not only situates them within the changing history of modern women religious but employs an inter disciplinary perspective to argue that the film nun projects a complex and often vexed portrait of both traditional religious and modern female desires Monastic

Perspectives on Temporality Riitta Hujanen,2023-08-07 In this book Riitta Hujanen explores temporality in the context of Catholic enclosed contemplative traditions It investigates based on literature and other sources what enclosed contemplatives might say about temporality through their monastic journeys What makes a young person decide to dedicate their life inside a cloister Do contemplatives have a preference for eternity over temporal time How does the enclosed contemplative life impact one s concept of time How is time perceived towards the end of one s monastic journey What is seen when looking back to the years in the enclosed contemplative life What is experienced at the hour of death The answers to these questions illustrate a paradoxical dynamic in monastic journeys that cover a broad historical scope from the earliest monastic writers to contemporary sources **Catholic nuns and sisters in a secular age** Carmen M. Mangion,2020-01-09

This is the first in depth study of post war female religious life It draws on archival materials and a remarkable set of eighty interviews to place Catholic sisters and nuns at the heart of the turbulent 1960s integrating their story of social change into a larger British and international one Shedding new light on how religious bodies engaged in modernisation it addresses themes such as the Modern Girl and youth culture 1968 generational discourse post war modernity the voluntary sector and the women s movement Women religious were at the forefront of the Roman Catholic Church s movement of adaptation and renewal towards the world This volume tells their stories in their own words **Roman Catholic Nuns in England and**

Wales, 1800-1937 Barbara Walsh,2002 There is still considerable ignorance about the life and work of female religious

communities in England and Wales The influence of women who developed professional careers in education health and social care while at the same time dedicating themselves to religious life is presented here with a wealth of material relating to their work Many widely held misconceptions about nuns are dispelled by the author s analysis of the growth and distribution of the religious orders and congregations the scope and scale of their work and the ensuing financial and recruitment demands Nuns and sisters took hands on responsibility for the building running and staffing of large and complex institutions hospitals and schools Their services were not solely confined to the needs of the expanding Roman Catholic community but had an impact on the surrounding society at many levels This book makes a novel contribution to our understanding of the provision of welfare services by non state agencies It explores the socio economic origins of recruits and the importance of the contribution made by the nuns many of them Irish women migrants to educational and social development in England and Wales Fully illustrated it also provides maps and valuable tabulated data to open up this field of research for social history scholars and others interested in the achievements of these women

My House Is Falling Down Mary Loudon,2019-05-16 A truthful exciting agonising adult love triangle Laline Paull author of *The Bees* I absolutely loved it Marian Keyes NormalPeople for grown ups veronica_henry For Lucy marriage to Mark provided an anchor after several years of drifting casually across countries into jobs and out of relationships Now forty two her anchor is working loose Bewildered by the demands of motherhood and dissatisfied by her work she has also grown understandably resentful of her husband Mark has serious difficulties of his own and whilst harsh self reliance has kept him sane it has alienated his wife When Lucy falls in love with Angus a pianist in his sixties her shock is extreme Adamant that she will not deceive her husband she instead asks his advice Mark s reaction however is startlingly unorthodox leaving Lucy to steer an impossible course between duty and desire adventure and security As her marriage falters and Angus presses for commitment she is forced to choose between family and self with lifelong consequences for everyone Infused with her trademark precision clarity and dark humour Mary Loudon s searing highly charged novel *My House is Falling Down* is a fearless exploration of what infidelity means when no one is lying and how brutal honesty may yet prove the biggest taboo in our relationships

New Books on Women and Feminism ,2004 Relative Stranger Mary Loudon,2010-06-04 When Catherine Loudon died in 2001 the author and journalist Mary Loudon had not seen her sister in over a dozen years Shocked feeling an unaccountable sense of loss Mary began to explore the traces Catherine left behind trying to discover the truth about her sister trying to discover who she was The result of her search is this riveting moving and deeply thought provoking book Catherine was always an unsettled personality when still a child she had threatened her family with violence when she travelled to India as a young woman her disturbing behaviour led to her father being summoned to return her to England She refused to join him but then reappeared unannounced at home a year later Caring and passionate but also unstable and paranoid she was finally diagnosed as schizophrenic As far as her family knew Catherine kept in contact with them intermittently and only on her own terms her life was a cycle of flats prisons and psychiatric hospitals Mary Loudon s quest for her sister begins when she touches Catherine s cold hands in the harsh calm of a hospital morgue She visits Catherine s overpoweringly cluttered flat and finds herself struggling to choose which of the piled up paintings and clothes she should take to remember Catherine by Then over time Mary tracks down the men and women who inhabited Catherine s life and the people she affected the caring nurses who tended to her in her last weeks the grocer she knew for almost twenty years the social worker who clashed with her the minister and nun she prayed with Mary Loudon captures each conversation perfectly with a brilliant ear for spoken language and a telling eye for detail And though the task seems overwhelming at first gradually with each encounter a more nuanced picture of Catherine emerges It includes facts that tally with the idolized older sister Mary remembers as well as disturbing revelations such as Catherine s self identification as a man named Stevie In this book Mary Loudon unpicks our preconceived definitions of sanity belonging and familial responsibility Over the course of Mary s search we cease to define Catherine by her illness instead she becomes a human being full of compassion for the world and possessed of a lively personal wit Relative Stranger challenges our most deeply held notions of what makes a life full and valuable but even though reading it is an education this is also an undeniably personal and elegiac story coloured on each page by Catherine s suffering and the distance that existed between the sisters A deeply honest family memoir a compelling detective story and a test of our prejudices Relative Stranger is both a vitally important book and an unforgettable one
