The Gold Buckle:

The Gold Buckle C. e. Gibb, 2005-09-15 **The Cowboy Code (Gold Buckle Cowboys, Book 1) (Mills & Boon Cherish)** Christine Wenger, 2011-11-01 Actress Maggie McIntyre hadn't come to Mountain Springs Wyoming to be lassoed by handsome rancher Joe Watley **Current Literature**, 1894 *The splendour of power* J.A.W. Nicolay, 2014-01-01 From the 5th to the 7th century AD the southern North Sea area functioned as an important cultural and political bridge linking two power blocks the late Roman Empire and its Frankish successor kingdom to the south and the Scandinavian kingdoms to the north This book examines how the region's intermediary position is reflected in the jewellery and other ornaments of gold and silver found along the southern North Sea coasts and how it relates to the formation of kingdoms and the expression of group identity after the collapse of the West Roman Empire The book first discusses the history of earlier research into kingship around the southern North Sea and this is followed by a description of the individual research regions the northern and western Netherlands northern Germany and southeast England After presenting the valuables of gold and silver from graves hoards and settlement sites with their dating and contextual evidence in an extensive catalogue the author examines how such items circulated between and within early medieval societies were transformed into symbols expressing regional or supraregional identities and eventually ended up in the ground The various research themes come together in the synthesis in which elite networks around the southern North Sea are reconstructed and the expression of ethnic or other group identities among the members of such networks is considered Finally in an epilogue the finds from the North Sea region are confronted with the nature and composition of the Staffordshire hoard For the first time not only presenting but also interpreting the superb collection of valuables from the southern North Sea area as a whole this book makes compulsive reading for anyone interested in the fascinating world of early medieval Europe *The Delineator*, 1890 **American Cowboy**, 2008-08 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West **Lorenzo De' Medici at Home** Richard Stapleford, 2013 An inventory of the private possessions of Lorenzo il Magnifico de Medici head of the ruling Medici family during the apogee of the Florentine Renaissance Provided by publisher **True Tales of a Traveller 11: Solid Gold, Easy Action** Alix Lee, This story the 11th in the True Tales of a Traveller series is about a very unusual kind of work I was engaged in for some months in the 1980s in east Asia Later much later when writing this story I tried to find other accounts or references to this kind of work to be sure I hadn't missed any salient facts in this writing The only references to this kind of work I could find online had been written years after I had been involved in it at a time when it had already become unprofitable And none of these references went into this kind of work in any depth None mentioned the

pleasures and the risks that came with this kind of work which I thought was unfortunate because there were plenty of both I found it hard to believe that I could now find barely even a trace of the existence of a kind of work I had once looked upon as a possible long term career But then again I had been given constant warnings at the time that this work was by its very nature only a temporary occupation This kind of work was inextricably interlinked with an unusual and adventurous lifestyle read on to learn exactly what this kind of work was its dangers and its pleasures
