Reading Randomised Controlled Trials Robert Savage, Amy Fox, Aneka Dawson, Helen Gray, Clare Huxley, 2025-03-03
In early 2021/22 the Flexible Phonics reading intervention a large scale randomised controlled trial took place in 118 schools in England and involved nearly 3 000 children. This study aimed to provide valuable insights into the success of largely school based education trials. The Flexible Phonics trial proved to be not only an important experiment in improving children's literacy but a case study in which the methodology of single randomised controlled trials in education can be considered. Reading Randomised Controlled Trials investigates the complexities of conducting randomised controlled trials in the field of education and how they can be seen as a cultural activity. The book emphasises the human operations, decision making and actions that drive such trials which are often overlooked in published reports. Through the case study of Flexible Phonics the book highlights the key differences between scaled educational trials and other types of trials such as pharmaceutical trials. The additional focus on early childhood literacy is of significant educational importance particularly in the context of UK school partial closures in 2020 and 2021 during the Covid 19 pandemic. Reading Randomised Controlled Trials is ultimately a unique resource on the implementation of randomised controlled trials in authentic school contexts and for the sustained improvement of practice in education.

The Complete Learning Disabilities Directory Grey House Publishing, 2007-09 Reading Strategies and Practices
Robert J. Tierney, John E. Readence, Ernest K. Dishner, 1985 **Complete Learning Disabilities Directory 2010** Laura Mars-Proietti, Richard Gottlieb, 2009
This is the most comprehensive directory of Programs, Services, Curriculum, Materials, Professional Meetings, Resources, Camps, Newsletters, and Support Groups for teachers, students, and families concerned with learning disabilities. This edition is distinguished by its recognition by the National Center for Learning Disabilities as well as a Glossary of Terms. This information packed directory includes information about Associations, Organizations, Schools, Colleges, Testing Materials, Government Agencies, Legal Resources, and much more. For quick, easy access to information, this directory contains three indexes: Entry Name Index, Subject Index, and Geographic Index. With every passing year, the field of learning disabilities attracts more attention, and the network of caring, committed, and knowledgeable professionals grows every day. This directory is an invaluable research tool for these parents, students, and professionals. *Resources in Education*, 1991-07 Books Out Loud, 2007 **2012-2013 UNCG Graduate School Bulletin**, **Self-paced Phonics**
G. Thomas Baer, 1999
Students can work at their own pace with minimal direct instruction using this concise workbook designed to provide future teachers with a sound understanding of both the content and pedagogy of phonics. Using

evaluative feedback from both students and reading professionals in the field who have used the previous edition the contents of this workbook have been expanded and strengthened to better serve the needs of prospective teachers Strong evidence indicates that children who are taught phonics at the beginning stages of reading instruction tend to do better than those who are not Therefore the concentration of this text is not on whether or not phonics should be included in beginning instruction but how phonics can be taught most effectively

Reading Practices with Deaf Learners Patricia L. McAnally, Susan Rose, Stephen Patrick Quigley, 2007 This book was written specifically for professors and college students in teacher training programs for deaf education and for classroom teachers working with deaf and hard of hearing learners It is one of the very few books on the market that focuses entirely on the hearing impaired It consists of three sections each one providing in depth information on topics critical to the teaching of reading to this specific population Section one Foundations contains chapters dealing with theory and research in such topics as cognition reading language literary development vocabulary and comprehension One chapter on ASL English and Reading looks at the research in the area of second language learners and discusses its application to deaf and hard of hearing students Section two Instructional Management deals with instructional management and describes instructional systems and designs These chapters look at current trends in education and how these trends apply to the education of students who are deaf and hard of hearing Section three Applications focuses on specific instructional models in reading writing and spelling detailing strategies that have been successfully used with deaf and hard of hearing learners The last chapter in this section discusses assessment giving information and examples of both formal and authentic procedures
