Nelson, 2016-01-01 Through Creole houses and merchant stores to sugar fields and boiling houses Jamaica played a leading role in the formation of both the early modern Atlantic world and the British Empire *Architecture and Empire in Jamaica* offers the first scholarly analysis of Jamaican architecture in the long 18th century spanning roughly from the Port Royal earthquake of 1692 to Emancipation in 1838 In this richly illustrated study which includes hundreds of the author's own photographs and drawings Louis P Nelson examines surviving buildings and archival records to write a social history of architecture Nelson begins with an overview of the architecture of the West African slave trade then moves to chapters framed around types of buildings and landscapes including the Jamaican plantation landscape and fortified houses to the

architecture of free blacks He concludes with a consideration of Jamaican architecture in Britain By connecting the architecture of the Caribbean first to West Africa and then to Britain Nelson traces the flow of capital and makes explicit the material economic and political networks around the Atlantic *The Transatlantic Slave Trade* James Anquandah, Michel Doortmont, Naana Jane Opoku-Agyemang, 2007 Unesco celebrated 2004 as the international year to commemorate the struggle against slavery and its abolition The Ghanaian Government's National Slave Route Project Committee held an international conference on transatlantic slave as part of that initiative These papers are largely the proceedings of that conference with the inclusion of a few papers from the National Conference on the Slave Trade in 2003 Supported by the Netherlands Embassy Unesco and an individual benefactor the conference brought together over 400 people Government Ministers Unesco and diplomatic representatives and scholars from Africa the Caribbean Australia Europe and the USA Twenty nine papers and statements are included The book is divided into opening statements followed by papers on three main themes landmarks legacies and expectations ***Ships of Slaves*** Thorkild Hansen, 2003 This is the second volume in the trilogy *The Ships of Slaves* which tells the story of the Danish Norwegian participation in the transatlantic slave trade on the Gold Coast now Ghana to the West Indies This volume narrates the middle passage of the slave trade from the time the remadors at the beach east of Christiansborg coerced the slaves onto the boat It details the journey the slaves underwent the conditions in which they travelled and resulting deaths along the way and the auctions on St Thomas and St Croix in the West Indies *What the Slaves Ate* Herbert C. Covey, Dwight Eisnach, 2009-05-20 Carefully documenting African American slave foods this book reveals that slaves actively developed their own foodways their customs involving family and food The authors connect African foods and food preparation to the development during slavery of Southern cuisines having African influences including Cajun Creole and what later became known as soul food drawing on the recollections of ex slaves recorded by Works Progress Administration interviewers Valuable for its fascinating look into the very core of slave life this book makes a unique contribution to our knowledge of slave culture and of the complex power relations encoded in both owners manipulation of food as a method of slave control and slaves efforts to evade and undermine that control While a number of scholars have discussed slaves and their foods slave foodways remains a relatively unexplored topic The authors findings also augment existing knowledge about slave nutrition while documenting new information about slave diets

Sharing the Burden of Sickness Jonathan Roberts, 2021-11-09 In *Sharing the Burden of Sickness* Jonathan Roberts examines the history of the healing cultures in Accra Ghana When people are sick in Accra they can pursue a variety of therapeutic options West African traditional healers spiritual healers from the Islamic and Christian traditions Western clinical medicine and an open marketplace of over the counter medicine provide ample means to promote healing and preventing sickness Each of these healing cultures had a historical point of arrival in the city of Accra and Roberts tells the story of how they intertwined and how patients and healers worked together in their struggle against disease By focusing on

the medical history of one place Roberts details how urban development colonization decolonization and independence brought new populations to the city where they shared their ideas about sickness and health Sharing the Burden of Sickness explores medical history during important periods in Accra s history Roberts not only introduces readers to a wide range of ideas about health but also charts a course for a thoroughly pluralistic culture of healing in the future especially with the spread of new epidemics of HIV AIDS and ebola

Archibald Monteath Maureen Warner-Lewis,2007 The reconstruction of one of the rare Caribbean slave narratives is an amplification interrogation and modification of its original texts by cross reference with official documents contemporary diary entries and reports present day oral sources and secondary analyses of plantation society Accessing a variety of primary records Maureen Warner Lewis meticulously reconstructs a biography of enslaved Archibald Montieth an Igbo who was brought to Jamaica around 1802 became active in the Moravian Church and later purchased his freedom Through Monteath s biography she explores the sociology of slavery from 1750 to the 1860s Fieldwork conducted in Africa brings an important dimension to the work and scholars of Caribbean history church history diasporic studies Atlantic studies and Jamaica will find it of significant interest

The Diligent: Worlds Of The Slave Trade Robert Harms,2002 Based on an officer s diary this book is a vivid and unprecedented account of the voyage of one slave ship The Diligent and the worlds through which it sailed Maps historical illustrations

From Slavery to Citizenship Richard Ennals,2007-04-16 Citizenship is not a spectator sport it is all about engagement From Slavery to Citizenship is part of a bigger picture a development process which will enable us to gain more control over our own lives and to participate in decisions about the future direction of society and the organisations we are involved in This book is unusual in suggesting that slavery is not a remote historical phenomenon but a fundamental component of our present People have been slaves in the past and some people are enslaved today The subject of slavery is highly charged with emotion From Slavery to Citizenship seeks to facilitate dialogue and to bridge gaps This is not easy as people have been speaking different languages and working from diverse sets of assumptions A first step is to listen and to learn from differences In this book a single author s voice brings together contributions from major public figures and respected thinkers Within a rich tapestry of perspectives there is no single line of argument or one overall conclusion There are contributions from Africa North and South America Western and Eastern Europe and Asia and from discourses in work organisation occupational health psychiatry and human rights as well as education After reading the book you are unlikely to conclude that all of the contributors have agreed but you will find that they give you a starting point from which to reflect and begin discussion as well as the tools to engage in active citizenship

The International Journal of African Historical Studies ,2001

A Guide to Sources for the History of the Danish West Indies (U.S. Virgin Islands), 1671-1917 Erik Gøbel,2002 The Danish West Indies the islands of St Thomas St John and St Croix were a traditional Caribbean colony characterized by sugar production trade and shipping The colony was under the Danish flag from 1671

until 1917 since which time the islands have been known as the United States Virgin Islands The archival sources for the history of the three islands are first and foremost in the Danish National Archives These records are exceptionally comprehensive and their research potential is enormously rich as the Danes have been meticulous in documenting almost everything that happened in the colony and in preserving the records The Danish archival sources are therefore unique historical resources today This book is a thorough guide to the vast Danish West Indian material in Denmark *History in Africa* ,2003 *Encyclopaedia of Underwater and Maritime Archaeology* James P. Delgado,1997 The theory and practice of underwater archaeology includes nearly every archaeological discipline from prehistoric archaeology to the modern era West Africa ,1999
