MEMORIES OF WORLD WAR II VETS A. J. BROWN,2011-10-11 Many of the vets I interviewed asked me why I was interested in World War II I never forgot when Pearl Harbor was attacked I was five years old and standing at the end of the kitchen counter next to the black art deco style radio The announcer was very loud and excited but I didn t know what he was talking about My mother was at the other end of the counter standing in front of the kitchen sink washing a dish All of a sudden she turned off the water and came over to stand in front of the radio I had never seen a look on her face like that before She called my dad to come here Both of them stood in front of the radio with these shocked and unbelieving faces I never forgot that experience We next went to Sunday school and church and I remember all of the adults were talking to each other in low tones with stunned looks on their faces *The Skipper Goes West* Mark Tissington,2023-12-08 The

Skipper sets sail on another mission As well as the hell of a World War Two Atlantic convoy the Skipper and his crew are engaged in a desperate race to prevent the Third Reich from stealing scientific secrets which could prevent Britain standing alone in September 1940 from winning the war Their efforts will take them across the Atlantic and plunge them further into the shady world of the Secret Intelligence Service To add to their troubles they must complete their mission without prejudicing the United States neutrality This is the second book in the already popular Skipper Series Fans of Douglas Reeman may enjoy this book *Detroit Goes to War* V. Dennis Wrynn,1993 **Travel, War, and Shipwreck** Parker Gillmore,1880 Also published in the Boy s Own Favourite Series this is a nineteenth century adventure story for boys based on the author s own experiences as a world traveller It includes gripping scenes such as an account of crossing the Santa Fe Trail and fights with Red Skins in America The first person narrative purports to be by the son of a naval lieutenant

Homosexuality in Cold War America Robert J. Corber,1997-05-22 Challenging widely held assumptions about postwar gay male culture and politics Homosexuality in Cold War America examines how gay men in the 1950s resisted pressures to remain in the closet Robert J Corber argues that a form of gay male identity emerged in the 1950s that simultaneously drew on and transcended left wing opposition to the Cold War cultural and political consensus Combining readings of novels plays and films of the period with historical research into the national security state the growth of the suburbs and postwar consumer culture Corber examines how gay men resisted the organization man model of masculinity that rose to dominance in the wake of World War II By exploring the representation of gay men in film noir Corber suggests that even as this Hollywood genre reinforced homophobic stereotypes it legitimized the gay male gaze He emphasizes how film noir s introduction of homosexual characters countered the national project to render gay men invisible and marked a deep subversion of the Cold War mentality Corber then considers the work of gay male writers Tennessee Williams Gore Vidal and James Baldwin demonstrating how these authors declined to represent homosexuality as a discrete subculture and instead

promoted a model of political solidarity rooted in the shared experience of oppression Homosexuality in Cold War America reveals that the ideological critique of the dominant culture made by gay male authors of the 1950s laid the foundation for the gay liberation movement of the following decade

The Afterlife of America's War in Vietnam Gordon Arnold,2014-12-09 The fall of Saigon in 1975 signaled the end of America s longest war Yet in many ways the conflict was far from over Although the actual fighting ended the struggle to find political justification and historical vindication for the Vietnam War still lingered in American consciousness A plethora of images from America s first televised war has kept the conflict all too fresh in the memories of those who lived through it while creating a confusing picture for a younger generation The political process of attaching meaning to historical events has ultimately failed due to the lack of consensus then and now regarding events surrounding the Vietnam War Reviewing the record of American politics film and television this volume provides a brief overview of the war s appearance in American popular culture It examines the ways in which this conflict has consistently resurfaced in social and political life especially in the arena of contemporary world events such as the Soviet incursion into Afghanistan the Gulf War and the 2004 presidential campaign To this end the work explores the contexts and uses of the Vietnam War as a recurring subject The circumstances and symbolism used in the rhetoric of the political elite and the news media including the New York Times the Washington Post Time and Newsweek are discussed Emphasis is also placed on the role of film and television as the book examines movies such as The Deer Hunter and Apocalypse Now and TV series such as M A S H In weaving together the political and screen appearances of the Vietnam War the book reexamines the influence of a major episode in American history
