Slab Rat:

Highway Focus, 1979 *Building Construction and Structural Systems* Rajesh Kumar R, 2021-11-12 **Slab Rat** Ted Heller, 2001-12-19 In the pitch perfect tradition of the very best of Nick Hornby Martin Amis and Christopher Buckley comes Slab Rat a razor sharp highly comic novel of lethal ambition and office politics Zachary Arlen Post is an up and coming editor at It magazine one of the glossiest jewels in the glittery publishing crown of Versailles Publishing The son of a well regarded architect and an eccentric Palm Beach socialite Zack was educated at an exclusive boarding school and has studied at Colgate Berkeley and Liverpool University He is an excellent golfer and has a talent for translating Plautus from the original Latin Or maybe not He is really Allen Zachary Post the son of a garment center bookkeeper from Queens and a pool supply salesman from Long Island But for Zack his background is too prosaic for a slightly lazy but very ambitious magazine editor who wants to move up at It Even though Zack has concocted a background that is more in keeping with the privileged world he wants to be a part of than the truth his ascent up the masthead has stalled Try though he might and maybe he is too lazy to try that hard he just cannot seem to get promoted Enter Mark Larkin a determined Harvard educated hire who understands how the corporate game is played Mark says the right things he lunches with the right people and he pitches the right stories A snob thriving in a world of snobs he begins to get noticed and to Zack's dismay is promoted quickly Zack realizes that something must be done Mark Larkin must be destroyed To complicate his life further Zack finds himself involved with two women One is a cool or is she just ice cold English beauty with a hyphenated last name and vague family connections to Winston Churchill The other is an eager sweet natured intern whose father is the magazine's barracuda corporate counsel Zack is torn between the style and hyphen of one and the good natured substance of the other In Slab Rat Ted Heller uses the magazine industry as a laboratory in which to dissect human nature He has written a biting outrageous story of how the rats that battle for dominance amid New York's skyscrapers or slabs survive and triumph and the price they must pay to win Full of dark comedy and a ruthless satire of office life and death Slab Rat is a novel rich with the wicked pleasures of the heart *Reminiscences of a Queensland Engineer* Andrew Patterson, 2021-11-10 Andrew Patterson looks back at his life growing up in suburban Brisbane and his career as a civil engineer in this memoir Born during World War II he grew up in a rented house in Doomben a short distance from the southern end of Brisbane's main Eagle Farm Aerodrome not a particularly safe place to live during wartime Many family members and friends used their home as a staging post on their way north to war His family life was sometimes odd with his father always urging him to do well in school or else he would turn him and his brother Gavin into bloody little Bank Johnnies He said it in such a disparaging way that it sounded like this would be the worst punishment they could possibly suffer He also recalls his array of experiences as a civil engineer working in Queensland and other projects throughout the world Join the author as he shares a firsthand account of growing up in Queensland his passion for sailing and flying and his fascinating life as an engineer **Encyclopedia of Controlled Drug**
